Report Says McCarthy Owes $25,000 In Taxes

Army Denies Officer Gave FBI's Secret Data To McCarthy

WASHINGTON (AP) — Sen. Mundt (R-SD) predicted today a report may be ready by Aug. 20 on the McCarthy - Army row, stirred up anew yesterday by an Army statement voicing disbelief in a portion of the sworn testimony by Sen. McCarthy (R-Wis).

The Army said it does not believe that any Army officer gave McCarthy excerpts from a secret FBI report on suspected Communists in the Army, as the senator testified during he 36-day hearings.

McCarthy commented that he had no intention of geting into a new debate on the issue.

McCarthy Calls Witnesses

With the ground being laid to start a new Senate Investigation of his official conduct on Aug. 30, McCarthy meanwhile called witnesses for resumption of public hearings his investigations subcommittee is conducting on alleged Communist infiltration of defense plants. He declined to name the witnesses in advance.

And on another front a Senate rules subcommittee headed by Sen. Jenner (R-Ind) called Mundt and Ray H. Jenkins to give their views on whether the McCarthy-Army hearings showed a need for new "fair play" rules to govern Senate investigations. Mundt presided at those hearings and Jenkins was special counsel.

Questioned By Reporters

The prepared statement released at the Pentagon yesterday was in reply to reporters' questions about an Army investigation of McCarthy's sworn testimony in those hearings that a young Army intelligence officer gave him a 2¼-page document McCarthy offered in evidence. Members of the investigating subcommittee refused to read it.

The document purported to be a letter writen by FBI Director J. Edgar Hoover to Maj. Gen. Alexander Bolling in 1953 when Bolling was assistant Army chief of staff for intelligence.

Hoover sent word to the subcommittee that it quoted accurately from a 15-page report the FBI sent to the Army but he said it was no a copy of any letter he had written. Atty. Gen. Brownell ruled that its publication would be contrary to the national interest.

McCarthy refused to name the officer he said gave him the document in "disgust" at superior officers' failure to heed its warnings.

Sheppard To Get Hearing Today

Lawyers Charge Official Prejudiced

CLEVELAND (AP)—Attorneys for D. Samuel H. Sheppard, accused of clubbing his wife to death, try again today to stop a preliminary hearing on the first degree murder charge against the 30-year-old osteopath.

His lawyers prepared to argue at a hearing before Common Pleas Judge Frank J. Merrick that Acting Mayor Gershom M. M. Barber of Bay Village has shown prejudice towards Sheppard and should not conduct the preliminary hearing. It could be held in any other Cuyahoga County municipality if Barber is found to be prejudice.

Defense lawyer William J. Corrigan filed the affidavit of prejudice last week and it was scheduled to be heard last Monday.

But before the prejudice hearing began, Corrigan asked for extra time to subpena witnesses, and Judge Merrick granted the delay.

Barber issued the murder warrant July 30. He scheduled the preliminary hearing for last Monday, but was stopped pending a ruling on the prejudice affidavit.

The preliminary hearing is to determine whether "probable cause" exists to hold the defendant for grand jury action.

Sheppard has maintained that one or two intruders inflicted 27 blows to his wife while he slept on a downstairs couch early July 4.

He says that later he fought with an intruder and suffered head and neck injuries.

Cletus Reese, Slayer Of 3 Ruled Insane

COSHOCTON, Ohio (AP) — Ohio's chief alienist has found Cletus Reese, 36-year-old former mental patient accused of the murders of three men whose bodies were found buried on his farm, is legally insane.

Dr. R. E. Bushong gave that report to common Pleas Judge Lloyd S. Leech yesterday. Dr. Bushong is superintendent of the Lima State Hospital for the criminal insane. Reese was examined there.

Dr. Bushong's reports on criminal suspects referred to him are not binding on the courts, but generally are accepted by Judges together with Bushong's recommendations.

The unkempt land tilled by the brawny recluse was dubbed "murder farm" last June after three bodies were found there, heads bashed in and hidden in furrows.

Reese was charged only with the death of the first man whose body was found. That was Clyde Patton, 28-year-old Fresno school teacher who last was seen alive on his way to the farm June 2 to demonstrate a car.

In the investigation tha followed, two other bodies were found—those of Lester Melick, 58, Danville farmhand, and Paul Tish, 39, another former mental patient.

Sheriff Gilbert Kempf said Reese admitted killing all three.

Dr. Bushong recommended Reese be committed to the state hospital for life. "He is highly dangerous," the doctor wrote in his opinion to Judge Leech.

Judge Cope Presiding In County Court

LISBON — Judge Frank Cope of Carrollton who has been assigned by Chief Justice C. V. Weygandt to assist in the Common Pleas Court of Columbiana County, presided in court here Wednesday in the absence of Judge Joel H. Sharp, who is vacationing.

Judge Cope will return to this court to preside over an assignment next Wednesday.

U. S. Economic Decline Ended, President Says

Ike Says Prospects Good; Sales Gain, Unemployment Falls

WASHINGTON (AP) — President Eisenhower declared today that a recent decline in the state of America's economic health had "come to a halt" by the middle of this year. He said prospects for the future look good.

Making public an administration midyear economic survey, the President said the "recent economic decline" has been very small.

The Eisenhower report said economic activity of late "has been higher than at any time before this administration assumed responsibility."

Then the President declared:

"And since 1953 was a still better year than 1954 is turning out to be, it follows that overall performance of the American economy thus far during this administration has been better than during any earlier time."

Eisenhower said 1952 was the best year before his regime took office.

Political Ammunition

The administration survey in this congressional election year seemed certain to provide political ammunition during the campaign for both Republicans and Democrats.

Last winter some Democrats were contending that, with unemployment increasing, the administration was leading the nation into a depression.

Eisenhower and other Republican leaders challenged this. The GOP said the overall economic activity was on the upswing.

The President said in today's re-

Perry Twp. Zoning Ordinance Prepared

The trustees of Perry Township have received a petition signed by approximately 160 residents of northern Salem Heights, requesting a zoning ordinance be drawn up and voted upon, for the purpose of "promotion of public health, safety morals, comfort and general welfare of the area."

The area included in the ordinance begins at the city limits on W. State St. on the north side and extends west to the Salem Country Club driveway, thence north along the Mahoning County line to the west side of the Pennsylvania Railroad tracks, then southeast along that right of way to the city limits, then west and then south to the starting point on W. State St.

A committee has prepared an ordinance which was read and revised at a public hearing July 26 at the Memorial Building.

A second hearing will be held by the Perry Township trustees Sept. 14 at 7 p.m. at the Memorial Building.

Ike Says Ohio Needs Republican Governor

WASHINGTON (AP)—Ohio needs a Republican governor, President Eisenhower was quoted as saying yesterday.

Ohio Auditor James A. Rhodes, Republican candidate for governor, told newsmen the President said Ohio needs a man who would appoint a senator of his own party when the occasion arises.

Rhodes talked with the President yesterday. He and his family also posed for pictures with the chief executive.

Rhodes said he discussed with Eisenhower the situation which arose when Ohio's Gov. Frank J. Lausche, a Democrat, appointed Democrat Thomas A. Burke to the Senate to replace the late Sen. Robert A. Taft, a Republican.

Ike Stops Strike At Atom Plants By Taft-Hartley

President Says U. S. Security Can't Allow Atomic Work To Halt

OAK RIDGE, Tenn. (AP) — The government has obtained an injunction to stop a scheduled strike today of CIO production workers at key atomic plants here and at Paducah, Ky., where the nation's entire output of a vital ingredient for atomic and hydrogen bombs is produced.

The Taft-Hartley injunction was whipped out last night by U.S. District Judge Robert L. Taylor at nearby Knoxville to block the strike of 4,500 workers ordered for 8 a.m. today. The move came just hours after President Eisenhower said the government could not permit a work stoppage at the plants for reasons of national security.

Workmen To Return

Emerson Pownell, president of the local, promised last night that the workers would be back on the job today as another chapter was added to the four-month-old wage dispute.

The injunction provides for an 80-day cooling off period in which the workers continue on the jobs and management is barred from holding a lockout while negotiations continue.

Elwood Hain, regional representative of the union from Atlanta, Ga., accepted service of the injunction last night for both locals.

Second Use Of Law

This was the second time the Taft-Hartley law has been invoked to stop a strike of the same workers. President Eisenhower ordered the injunction early last month, but the workers went back to their jobs voluntarily.

The Oak Ridge local of the CIO United Gas, Coke and Chemical Workers, has asked a raise of 21 cents an hour, then scaled demands down to 15 cents, from Carbide and Carbon Chemicals Co. operator of both Paducah and Oak Ridge plants. Oak Ridge employs about 3,500 CIO production hands and Paducah about 1,000.

U.S. Asst. Atty. Gen. Warren E. Burger, flew in from Washington last night on the President's request and asked for the injunction after Oak Ridge workers broke off day-long negotiations and called the strike. Paducah workers had voted Tuesday night to strike today.

TAX RECEIPTS DROP

The sale of prepaid tax receipts for the week ending July 31 showed a drop of almost $7,000 as compared to the sales for the corresponding week in 1953. Receipts for this year's period totaled $34,395, and for the week in 1953, $41,037.

STILL UNCOVERED IN WOODS.—Deputy sherriffs prepare to destroy a 100-gallon still which was found in operation two miles south of Lisbon. Two men are being held for the bootleg operations.

Still Smashed By Officers

2 Bootleg Suspects Held At Lisbon

Columbiana County deputy sheriffs this morning smashed a 100-gallon still which was found in operation on a deserted farm on the old Lisbon - Steubenville road, two miles south of Lisbon.

Two Youngstown men are in jail at Lisbon, held as the suspected operators.

Oddly enough, a shoe left behind at the scene when the deputies raided the place, led to the apprehension of the suspects.

The still was first discovered Tuesday evening by a group of boys hiking through the woods south of Lisbon. They notified Sheriff Howard Clark's office.

Apparently frightened by the boys' approach, the men fled, one of them so fast that he lost one of his shoes. Deputies found the shoe at the scene.

The officers said the still was in operation and part of two 50-gallon drums of mash was confiscated as evidence.

The two suspects were apprehended about noon yesterday when Deputy Sheriff Russell Van Fossan saw two men walking along the Columbiana-Lisbon Rd. (Rt. 164). One of them had no shoes and his trousers were ripped as though he might have torn them on jagged underbrush.

Both men denied knowledge of

The examination will be to pick a successor to Chief Nerr Gaunt, who resigned on Aug. 1, effective Sept. 1, after 21½ years on the Salem force.

Only applicants who have served at least one year on the Salem Police Force are eligible to compete. Eight men in the department are eligible to take the exam.

Applications for examination must be filed not later than Tuesday, Aug. 24. Application blanks and information on the test can be obtained from Roy Harris at N. Lincoln and Second St.

Firestone Rubber Strike Threatens

CLEVELAND (AP) — The CIO United Rubber Workers, involved in a five-week-old walkout of 23,000 Goodyear Tire & Rubber Co. employes, sought today to avoid a strike of 25,000 Firestone Tire & Rubber Co. workers whose contract expires at midnight tonight.

L. S. Buckmaster, international president of the URW was here today to assist in talks between the union and the two companies. Negotiation sessions yesterday produced no progress.

Firestone is the last of the rubber industry's "big four" to reach its union contract expiration. URW pacts with U.S. Rubber Co. and the B. F. Goodrich Co. expired after the Goodyear strike started July 7. The union has extended contracts during talks in New York on wages for 35,000 U.S. Rubber Co. workers and in Cincinnati o nraises for 18,000 Goodrich workers.

Union To Vote On Wage Cut

Studebaker Workers Consider Plan Again

SOUTH BEND, Ind (AP)—Thousands of Studebaker automotive employes prepared to vote today on an issue of immense potential importance to the whole of American industry — whether to accept a cut in pay so that the company can cut its costs.

Studebaker officials have told local union of the CIO United Auto Workers that the wage adjustments are necessary for competitive reasons.

Union officers who worked out the proposals in lengthy negotiations with the company have urged the membership to accept.

The reductions would be effected by elimination of piecework and incentive pay.

The cuts amount to an average 14 per cent of the payroll.

A union official estimated that the reductions would range from a minimum of $12 to a maximum of $20 per week.

The company contends it is paying an average hourly wage of $2.39, compared with $2.03 by its principal competitors. Studebaker reported a net loss of nearly nine million dollars for the first six months of this year.

Top executives last April accepted salary reductions ranging from 20 to 30 per cent on all salaries above $20,000 a year.

Second Vote On Plan

Today's balloting is the second vote on the proposal for pay reductions of the other employes.

Nearly 5,000 members of the union a week ago rejected the proposed agreement. Union officials said the vote was "very close." They said, however, that the attendance at the original meeting represented less than half the union's present membership of 10,500.

Two days later, the company gave notice that it would end its present contract with the union in 60 days.

Louis J. Horvath, president of the local, then announced a second meeting would be held to reconsider the proposal. He said the decision to take another vote was made unanimously by the 20-man executive board. Horvath said the board had received a number of petitions asking to reconsider.

He estimated that nearly 8,000 members of the union would attend today's meeting.

Newspaper Says Internal Revenue Probed Senator

No Fraud Intent Seen As McCarthy Listed Donations Non-Taxable

WASHINGTON (AP)—The Washington Evening Star said today internal revenue agents, after an 18 months investigation, have concluded that Sen. McCarthy R-Wis., owes additional income taxes and interest of about $25,000.

The newspaper said it had learned the revenue service will soon present the evidence it has gathered to McCarthy and give him a chance to explain data that the tax investigators do not understand.

"The tax agents do not contend that Sen. McCarthy acted with fraudulent intent," the story said.

"Instead they assert the Wisconsin legislator erroneously classified as non-taxable some of the money he received and on which he should have paid taxes."

The case was described as covering the tax years 1946 through 1952.

Saying there was no claim of intent to defraud, the newspaper added:

"A taxpayer in these circumstances can clear himself by simply paying back taxes plus 6 per cent interest.

"If the taxpayer pays up, the revenue service does not make the case public. Thus Senator McCarthy's federal tax returns again could escape public scrutiny—unless some congressional committee were to subpoena them.

"The tax agents' confidence in their claim against Sen. McCarthy stems partly from the fact that Internal Revenue Commissioner T. Coleman Andrews is taking a stern attitude toward Sen. McCarthy's lack of detailed records to support his tax returns.

"The law states that if Internal Revenue finds that a taxpayer has receipts that are not clearly classifiable as non-taxable, Internal Revenue can rule that the receipts are subject to taxation.

"This is the course Internal Revenue is following in the McCarthy case. It means that the 'burden of proof' falls on the senator. To avoid the taxes he must prove where he got the disputed money, and he must prove that the money is not subject to taxation.

"This may turn out to be a formidable task for Sen. McCarthy in view of his admittedly sketchy bookkeeping.

"At least part of the disputed money represents contributions to Sen. McCarthy. Friends, acquaintances and members of the public have sent him sums ranging from thousands of dollars down to pennies.

"Sometimes the donors specified the money was to be used to fight communism. Sometimes the donors did not say how Sen. McCarthy was to use the money . . .

"Internal Revenue agents are understood to be insisting that showdown conferences with Sen. McCarthy begin by Sept. 1 regardless of what other duties Sen. McCarthy might have."

Churchmen Head For Tension-Charged Religious Arena

Admission Of Red Delegates May Bring Fireworks To Church Council

EVANSTON, Ill. (AP)—Churchmen from the East and the West headed today for a religious arena which is charged with tensions—both religious and political.

The gathering is in the cause of Christianity.

But around this central purpose swirls a haze of doubts and discords that could roll into frustrate the meeting—the Assembly of the World Council of Churches here, starting Sunday for two weeks.

"There are dangers, but there also are hopes," said Dr. G. K. A. Bell, Britain's Bishop of Chichester and chairman of the council's Central Committee.

"The danger in a great body of churches meeting in a time of so much strain, antagonism and hostility is that some may seek to reflect their own political and national points of view.

"But there is hope that they will all come together in a mood to submit various experiences and insights, even ideologies, to the mastership and judgment of Christ."

Although the council faces a host of touchy social and religious questions, probably the most explosive is the relationship of Christianity and communism, and the presence of delegates from Communist countries.

At least 18 churchmen from Red-ruled lands—8 from East Germany and 5 each from Hungary and Czechoslovakia—will be among the 1,500 representatives. Others from Poland and Yugoslavia also may attend.

"Communist collaborationists" is the label applied to them by Rep. Alvin M. Bentley (R-Mich), who says he will hold hearings simultaneously with the assembly to show their "false pretenses."

He said they are "servants of world communism who masquerade as men of God."

Others, including two Midwestern American Legion posts, also have denounced admission of the delegates. Daniel A. Poling, editor of the Christian Herald, called them "puppets of atheistic communism," and said:

"Evanston must declare communism antireligious, anti-Christ and utterly antagonistic to everything for which the church should stand, or Evanston will divide the American Protestant community."

However, none of the 161 Orthodox, Old Catholic, Anglican and Protestant denominations in 48

Debate Limit Put On Atomic Bill

Way Is Paved For Early Adjournment

WASHINGTON (AP) — A surprise Senate agreement to curb debate on atomic energy legislation today boosted chances for speedy congressional adjournment but left prospects for the disputed bill in doubt.

The agreement, reached late last night, brings the compromise measure to the Senate floor tomorrow under a talk limit of three hours.

When the bill went through the Senate last month it prompted 169 hours of argument, including four days of round-the-clock speechmaking, and majority leader Knowland of California said this week Congress' go-home date depends on whether there is "another filibuster" on the measure. He postponed the adjournment target date from this Saturday to sometime next week — or later.

There was no objection and no questioning from the floor when Knowland offered the unanimous-consent arrangement last night, saying Democratic leader Lyndon B. Johnson of Texas had helped him frame it.

This means the bill, a major feature of the Eisenhower legislative program already approved by the House, will go to the President for signing if the Senate concurs. If it doesn't, the measure may go back to Senate-House conference for another try at compromise.

The legislation provides for a sweeping new atomic program allowing private operation of civilian nuclear plants, a limited sharing of information with America's allies and other changes in the basic 1946 atomic energy law. But the debate-curbing agreement left uncertain the bill's prospects for final passage wihout further change.

Senate critics, who want to send the measure back to conference with instructions to take disputed patent provisions out of the compromise version, today won a new recruit in Sen. Smathers (D-Fla).

Smathers said he would support the effort to substitute compulsory patent-sharing for a provision in the revised bill that would permit regular, exclusive patents on civilian atomic developments.

The Florida senator told a newsman he thought the vote tomorrow would "be very close. It might be decided by not more than three votes."

Summons Reaches Fan Dancer After 14 Years

LOS ANGELES (AP) — It took process servers 14 years to catch up with Sally Rand, the fan dancer.

William Lawson managed to serve the summons yesterday, issued in connection with a judgment obtained in 1940 by Mrs. Olive Kephart, who charged that Miss Rand had failed to repay some loans.

Lawson, hearing Miss Rand was appearing at a home exhibit here, bought a ticket, waited in line, got a smile from Sally and then handed her the summons.

The judgment, for $4,334, has grown with interest to $8,050.

Billion-Dollar Project Reaches Second Anniversary

23,000 Men Convert Ohio Farmland Into Huge Atomic Energy Factory

By L. W. BURNS
Portsmouth Times Staff Writer

PORTSMOUTH, Ohio (AP) —The Portsmouth Area atomic energy plant was near the peak of its vast construction phase today as the billion-dollar project reached its second anniversary.

During the two years since the Atomic Energy Commission picked a site in Pike County 18 miles north of Portsmouth for its new gaseous diffusion plant. A new city in area and population, has been built.

On it have risen vast buildings which will produce uranium-235 for atomic bombs and peacetime energy. Doing the job, 23,000 men are swarming over 3,600 acres that once was farmland, the home of only 50 families.

Hundreds of new houses have gone up, thousands of trailers have been sprawled along roadsides in courts laid out to accommodate them and millions of dollars have been budgeted for new schools, highways and public service.

With employment now at the 23,000 mark, the figures will climb to around 25,000 this fall, remain stable a short time, then begin to recede.

Kenneth A. Dunbar, the young engineer the AEC assigned to manage the project — second largest construction job of its kind underway in the world—says construction is essentially on schedule.

The construction is being pushed by Peter Kiewit Sons' Co. of Omaha, Neb., one of the world's largest construction contractors. Kiewit assigned one of his top men, George C. Holling, as general manager here.

Chief firms among the subcontractors are Grinnell Corp., the Reynolds-Newbery joint venture and George Koch Sons.

Kiewit is operating on a cost-plus-fixed-fee basis by which it receives a fixed sum from the AEC for its management and equipment as the AEC pays all the operating costs.

Goodyear Atomic Corp., which will be the actual operator of the A-plant when construction is completed, is getting ready for its task.

When the precious U-235 will begin to trickle out of the huge process buildings remains a top defense secret. But AEC officials say production "is expected to start sometime in 1954."

Goodyear Atomic, a subsidiary of Goodyear Tire & Rubber Co. set up to tackle the brand new production task, has built up an organization of 1,800, almost half of the 4,000 complement it figures will be needed to operate the A-plant full blast.

Goodyear already has taken over some of the operational aspects of the plant, such as the telephone switchboard and the fire department.

"The transition from contractor to operator is going along smoothly and efficiently," said Albert J. Gracia, general manager of Goodyear Atomic.

A year and a half ago, after starting from scratch with 27 key Goodyear veterans, Gracia's organization began recruiting young scientists from among the nation's college graduating classes.

These men—physicists, chemists, engineers in virtually every branch and management personnel—have been sent to Oak Ridge, Tenn., for training in the intricacies of the gaseous diffusion process. As they have come back to Portsmouth, group by group, they have been developing trainings in their various departments.

Having met the challenge of the huge construction project—second in size only to AEC's Savannah River (S. C.) hydrogen bomb plant—Portsmouth now will prepare for the letdown in its economy that is bound to come next year. But most of the merchants and public officials knew ti had to come and appear prepared to meet it. While two years of sky rocketing population and economic gains will come to a halt and begin to slide gradually downward, the community's economic graphs will level off on a much higher plateau than it had in 1952.

Portsmouth department store sales during the last two years have led the entire 4th Federal Reserve District in percentage of increase almost every month. And the percentage of increase of Scioto County sales tax receipts has led all Ohio counties, except booming little Pike County.

And many businessmen, including Portsmouth Chamber of Commerce leaders, believe this section of the Ohio Valley will continue its industrial growth, adding to the 60-million-dollar improvement program which Detroit Steel Corp. completed here this year.

Evidence that A-plant construction is about at the halfway mark, is the AEC announcement that about 500 million dollars has been spent on it so far. The original estimate was for a total of $1,219,000,000.

Eighy-five million dollars has been spent for wages since construction began and the payroll now is about 10 million dollars a month. The present payroll figure, AEC explained, includes only the fixed-fee contractor and subcontractors. It excludes lump-sum contractors and architect-engineers.

All this money has brought in a huge, steady stream of materials—86,000 tons of steel (enough to build almost two battleships), 415,000 cubic yards of concrete and thousands of tons of other materials.

Ohio Valley Electric Corp., a combination of 15 private utilites, is building two giant power lants near Gallipolis, Ohio, and Madison, Ind., to provide the A-plant with a steady flow of 1,800,000 kilowatts of power to operate its many motors 24 hours a day, seven days a week.

Thats about twice the power the entire area of industrial Detroit consumes.

Permanent buildings going up on the 3,600-acre plant site are expected to be under roof before winter. Some 4½ million square feet of roof area have been completed.

The contractors have used 45½ million kilowatt hours of electric power already, at a cost, up to June 30, of $350,000.

Kiewit had awarded 110 subcontracts as of July 30, totaling 76 million dollars. Kiewit also has awarded 310 material contracts totaling 145 millions. Ohio firms have been cut in for 60 millions of this.

A total of 30,800 employes have had general orientation courses in the last two years—courses given to all new employes.

The turnover—that is, workers quitting their jobs before they are finished—has been relatively low, AEC officials said. The 7,000 difference in the orientation total and actual present employment is accounted for in part by finished subcontracts as well as by turnover.

Despite the tremendous size of the job and its attendant hazards, the safety record has been remarkable.

William Crozer, AEC safety engineer, likes to think it was because of careful planning. His favorite slogan is: "This job was engineered for safety."

The two-year record: 1.8 lost-time accidents per million man-hours for the 36 million man-hours already worked. This compared with a frequency rate of 3.16 for all AEC installations, 14.25 for the Ohio construction industry and 17.34 ofr construction nationwide.

Three men have lost their lives on the project. One fell to his death, a truck driver making a delivery to the project was crushed to death and a third fatality was attributed in part to a heart attack.

Feeding 23,000 workers on the site which covers about five square miles has been handled by B. F. Brown, Inc., which operates the plant cafeteria.

Many of the construction workers carry their own lunches, but the cafeteria has served 800,000 meals during the 16 months it has been in operation, 2,600,000 servings have been made from field canteens scattered about the site and 320,000 box lunches have been sold.

Impact of the billion-dollar project has spread throughout the four-county so-called Portsmouth-Chillicothe critical defense area. This includes Scioto, Ross, Pike and Jackson counties, all of which have had spurts in population and in business of all sorts.

Although there has been no accurate count since the 1950 census reported 36,790 population for Portsmouth, the chamber of commerce estimated an increase of about 10,000 in the city and its immediate suburbs.

Waverly, county seat of Pike County 12 miles north of the A-plant site, had 1,679 in 1950, estimates its present population at 5,500 and expects to grow to 10,000 in a few years—although more conservative estimates say that mark is too high.

To meet the boom in school pupils brought in by the increased population, Portsmouth is spending $3,600,000 on additions to its build-addition, Piketon is building a new grade school and a high school addition, Piketon isbuilding a new grade school, Jackson is building a new six-room school and scores of rural schools are expanding their facilities.

Pike County's school enrollment has more than doubled from 4,459 in 1952 to 9,560 for the beginning of the coming etrm.

The U. S. Department of Health, Education and Welfare has allotted to date $3,854,000 for new school buildings in Pike, Scioto and Jackson counties, in addition to local funds.

A 16-million-dollar highway is nearing completion between Portsmouth and Chillicothe. The whole 44 miles will be a four-lane super highway, straightening out the old curves and eliminating rail crossings on the old U. S. 23.

In another year, the remaining 46 miles north of Columbus will be a four-lane divided highway.

Helping to house the big influx of new population are 3,008 trailers in the four-county area, divided up like this: Pike County 2,267, Scioto County 353, Ross County 221, Jackson County 167.

Portsmouth has issued building permits for 540 new homes and apartments since August 1952. Chillicothe, where many of the top-level AEC and Goodyear executives have built homes, has topped this with a reported 660.

The Public Housing Administration put up 250 temporary homes at Waverly and 150 at Piketon. In addition, the General Housing Administration has financed 80 new homes at Waverly and 145 at Jackson.

While Portsmouth and Chillicothe were pretty much able to absorb their new population with existing public uilities, Waverly is building from scratch one million dollars' worth of waterworks and sewer lines and Piketon is investing $660,000 in water and sewer improvements.

Private utilities — power, gas and telephone companies — have dumped hundreds of thousands of dollars into extensions of service.

The churches, too have prospered. A survey among representative denominations in Portsmouth showed membership up from 4 to 25 per cent, for an average of 17 per cent, during the last two years. And contributions have risen, too, the pastors say.

Wha's in store for the future? Portsmouth businessmen don't know exactly. But they seem sure the comparative setback bound to come next year when A-plant employment falls gradually simply will signal the end of one mid-50s boom.

When all the construction men have left, there still will be 4,000 Goodyear Atomic Corp. operating employes. That means, on the Census Bureau's average, 28,000 more population than there was in the four-county area in 1952.

Now the area has additional homes, highways, schools utilities, transportation and available workers.

Businessmen are confident all the new facilities developed here in the last two years cannot help but serve as a prime attraction to more new industry in the future.

Family Vacations, Tramps Move In

MASSILLON, Ohio (AP)—It's often bad enough to end a vacation, much less to come home and find the kitchen littered with empty cans, dirty dishes and garbage.

That was the headache Mr. and Mrs. John W. Fairles faced when they got home from a recent vacation trip. Tramps, presumably, had broken into their home and lived there several days.

Mattresses and blankets had been removed to the basement, dresser drawers ransacked and a camera stolen.

Then, before leaving, the intruders took a bath and dolled up in some of Fairless' best clothing. They left their filthy rags on the floor and the dirty water still in the bathub.

Man With Hiccoughs At Auction Finds It Costly

DUNCAN, Okla. (AP) — L. D Pryor, a furniture and appliance dealer, knows now he shouldn't have attended that livestock auction with the hiccoughs.

Pryor said he responded involuntarily with a "hic" each time the bid was raised, and went home the bewildered owner of six Shetland ponies.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Six Men In A Dilemma

Selection by their party eaders of the three Republicans and three Democrats who will dispose of the resolution to censure Sen. McCarthy has put six Senators in an unprecedented dilemma.

Since there is no possible way they can satisfy everybody, they very well may satisfy nobody. It is obvious they were chosen with a thought to their own political positions, because none of them is under the electoral guns this year. Moreover, none of them has been identified with the quarrel that has divided senatorial opinion over the behavior patterns that have made Sen. McCarthy controversial.

In all probability, they will take advantage of the language of the resolution that authorized the creation of a select committee to deal with the original resolution of censure against McCarthy introduced by Sen. Flanders of Vermont. The language is as follows:

". . . the committee shall be authorized to hold hearings, to sit and to act at such times and places during the sessions, recesses and adjourned periods of the Senate . . . as it deems advisable . . . and be instructed to act and to make a report to this body prior to the adjournment sine die of the Senate in the 2nd session of the 83rd Congress."

Unless the Senate postpones final adjournment long enough to give the committee the several months required to review everything pertinent to the issue over the junior senator from Wisconsin, the committee will have time only to go through the motions of holding a hearing and bringing in an inconclusive report.

Sine the main business of Congress when adjourn so its members can go home, an inconclusive report seems probable. It seems probable that was the idea from the beginning, because the McCarthy issue itself is inconclusive.

No More Creeping Socialism

The first rule of survival for bureaucracy is to keep growing. That is the way little bureaus become big bureaus and little bureaucrats become big bureaucrats.

There is nothing unnatural about it. The tendency to keep growing in government is as natural as the tendency to keep growing in business.

This is the underlying issue in the Eisenhower administration's policy on Tennessee Valley Authority, the super-agency built by the original New Dealers to introduce socialism into the United States in the grand manner.

The Eisenhower administration is against creeping socialism. It is in favor of creeping capitalism, instead. It believes government should encourage private enterprise in every way possible and stay out of competition with its own taxpayers.

This infuriates the backers of creeping socialism. It was intended to do just that. It was intended to give Americans who like the private enterprise system a voice in the two-party system. It was intended to correct the historic misake of "me-tooism" which kept anti-New Dealers from voting against creeping socialism.

President Eisenhower has put the lid on TVA. He does not want it to expand. He has put the lid on the Atomic Energy Commission, too. He does not want it to get the idea it is going to be the means of putting the federal government into the power business, either.

This is the so-called "power fight" in Congress. The Eisenhower administration is having a showdown with the New Dealers on creeping socialism. So far it is winning. On the latest New Deal proposal — a ban on a new private power plant in TVA's area, thereby giving TVA a chance to expand — the Senate upheld the Eisenhower administration 55 to 36. The private plant will be built, not another public plant.

Changing Habits

At the beginning of the traditional vacation season, it is evident that the tradition has been undergoing a violent revision.

Vacations no longer are confined to the period between Memorial Day and Labor Day, as they formerly were. In many places, they are spaced throughout all 12 months of the year. Among northerners, winter vacations are growing in popularity by leaps and bounds.

In the United States, nothing can be taken for granted.

There are no static habits as far as the public is concerned. For example, it once was accepted as merchandising gospel that winter weather stimulated buying desires. The U.S. Department of Commerce reports that June, July and August last year accounted for 43 billion dollars' worth of the annual sales volume of 171 billion. Instead of a summer slump, the three summer months accounted for more than a fourth of the annual sales.

There is no summer slump any more.

Secret Information

By DAVID LAWRENCE

Senators Seek Bounds Of Presidential Authority

Lots of words have been written and charges flung into the air in recent weeks about the alleged encroachment on the executive branch of the government by the junior senator from Wisconsin, and it is a salutary development that six senators of judicial or legal experience have been appointed to study this, among other supposed infractions of senatorial right.

The truth is the American people in large part have been misled as to the real issue involved and have been given the impression that a virtual dictatorship exists in the United States whereby the executive can put any government employe in jail for giving to Congress any information to which the executive may think the Congress is not entitled.

There is not the slightest basis in the statutes of the United States for the exercise of any such alleged authority.

The United States code provides under Section 652:

"The right of persons employed in the Civil Service of the United States, either individually or collectively, to petition Congress, or any member thereof, or to furnish information to either house of Congress, or to any committee or member thereof, shall not be denied or interfered with.

This is the broad grant of authority to employes of the executive branch of the government, and it is in line with the constitutional rights given to all citizens to petition Congress or to exercise their right of free speech.

-:-

THIS IS NECESSARILY qualified by other provisions of law of a specific nature which are designed to prevent transmission of information to anyone who might use it to the injury of the United States or to the advantage of any foreign government.

Thus a long series of provisions have been enacted, in Title 18 (Section 794) U.S. code, which forbid the transmission of what might be called confidential or secret information, especially that relating to national defense.

These cover specifically two classes of cases. First there are the instances in which the executive employe "wilfully transmits information to outsiders for the purpose of aiding a foreign government or with the object of "doing injury to the United States."

Then, second, there are the instances in which the executive employe wilfully transmits information which he knows or has reason to believe "could be used to the injury of the United States or to the advantage of any foreign government."

But it must be proven that the persons to whom the information is transmitted are "not entitled to receive it."

Who is entitled to receive information inside the government of the United States?

Are members of Congress not entitled to receive information relative to the conduct of the executive agencies of the government whose appropriations and operations they are, under the Constitution, supposed to examine as a public duty?

Where is the specific provision of law that prohibits any information from being transmitted to members of Congress?

-:-

IF AN EXECUTIVE employe feels that his department head, in suppressing information, is doing injury to the United States and decides to give it to a member of Congress in confidence — and this nas been done many times— the employe certainly is not transmiting it to injure but rather to defend the United States.

Sen. McCarthy said publicly that he felt the 2,000,000 federal employes had a duty to give to Congress any informaiton that would protect the government That was the issue in the case of the document on personnel of doubtful background which an officer in the Defense Department gave to the the senator never made public the document itself.

Before the Senates special committee, therefore, can decide whether any wrong was committed by exhorting federal employes to furnish information which they believed would protect the United Sates, i would be necessary to have a federal court rule on the question of intent in each specific case of a federal employe who transmitted such information to a member of Congress.

-:-

CERTAINLY THE appeal by the Wisconsin senator to federal employes to tell members of Congress about graft, corruption, the covering up of spies or any other piece of wrongdoing they know about affecting personnel is so broad that it is doubtful whether individual members of Congress can be censured or penalized for trying to do what the Constitution orders them collectively to do—to "make rules for the government and regulation of the land and naval forces" and "to make all laws which shall be necessary and proper for carrying into execution the foregoing powers and all other powers vested by the Constitution in the government of the United States, or in any department or officer thereof."

It could hardly be argued that Congress must legislate without information and that the executive can arbitrarily by an executive order prevent any employes from furnishing to members of Congress information necessary for the performance of their legislative duties.

By Any Other Name

By TRUMAN TWILL

T. Manville, the tomcat who writes like a man, says he is changing his name. He left this manuscript under an empty milk bottle on the table at the Twillery last night:

-:-

"This will let you know I am off to see the wizard of Oz, but before I go there is something I want to say. I am thinking of changing my name.

"When I first chose it, the name was what you would call topical. That is, it stood for something in the so-called civilization of our times. It was like naming children for Franklin D Roosevelt, Wendell Willkie and Greta Garbo. But time has run on and left me holding the bag for a name that is no longer recognizable. Its original bearer has dropped out of the news temporarily. There are people who have no conditioned reflexes when they hear the name uttered. It leaves them blank.

"In fact, I might as well call myself Mdivani, which at one time was a name with just as much significance as the one I chose to bear. It would not mean a thing to the ordinary run of people and cats. They would want to know what is a Mdivani, as though no one ever had heard of the famous Georgian family which provided husbands for American movie stars during the plush-carpet era of the cinema.

"In the meantime, a new sensation is sweeping the western world. That is why I may petition the court to change my monicker to Ruby Rosa, thereby honoring the new playboy of the high rent district. This would make my name topical once more, which is the way it should be. Before I used up my nine lives I might have to change it once more, although there is no one in sight at the moment to challenge the reigning champion.

"I am in no position to criticize anyone for being this way. On the contrary I'm in a position to point with pride to the self-sacrificing manner in which the heroic members of my sex go beyond the call of ordinary duty. I hardly need to say that not all males are heroic. Some are humdrum and commonplace.

"These are born to blush unseen. They never get their pictures in the papers. Hollywood never takes an option on them. They never get into exclusive places in New York City or anywhere else. They are not involved in deportation proceedings because no one wants to send them away or get them back.

"I am glad I was not born to live and die in obscurity. That is another reason I want to keep my name up to date, so people will know why I am famous. It takes all kinds of people to make a world, and it takes all kinds of cats to achieve a state of felinity. I shall do my share.

"So if you have no objection. I shall sometimes use the name of Ruby Rosa to identify myself. I shall not abandon the name of T. Manville but shall merely put it aside out of consideration for those who may never have heard of his activities in my line of work.

"Meanwhile, I call it to your attention that the bottle on top of his manuscript is empty and was the last bottle in the refrigerator. When I come back from seeing the wonderful wizard, I shall be hungry again."

Short Briefs In Summer

By GEORGE SOKOLSKY

Up here in the Berkshires, in Massachusetts, where many who live in the big cities come to be amateur farmers and musicians and to enjoy the peace and quiet of a sylvan sanctuary, two arguments have filled the summer with rage and outrage.

Sokolsky

One is about a prison camp which the reformers in Boston seek to impose upon the communities in these hills that are unpoliced and unguarded because the kindly people here have never needed to spend their money on more than local constables who devote a very small part of their time to law and order, of which, generally speaking, we have sufficient.

The original plan was to put the prison camp on October Mountain in the vicinity of a number of summer camps for boys and girls.

The Massachusetts prison authorities say that they will screen the prisoners, so that if any escape, they will not molest the children in the camps, which makes me wonder if the Boston bureaucrats do not hope that some will escape to save expenses. Nobody wants the prison camp in his backyard but would not mind being humane at someone else's expense, which is the way of the do-gooder everywhere.

-:-

THIS PRISON camp excitement is, however, not as stimulating as the anger of the local townspeople in Lenox, Lee, Great Barrington and Stockbridge over shorts and briefs. (I am told that what I call briefs, the girls refer to as short-shorts.) I have noticed that an increasing number of men and women come to the Tanglewood concerts in various stages of undress.

None has yet appeared in the nude, but some are not far from it, particularly young women with ugly calves. Apparently, being of such an age, I notice the ugly calves. The ladies say that something worn to cover their uppers part-way makes them look ugly all the way, which is a little beyond my esthetics.

In the years when I lived in the Far East, most men during the summer months wore short pants and long stockings and looked rather handsome in the outfit which originated among the British troops in India. The costume was cool and suitable to the climate. No one would think of wearing anything that was so short as to be brief.

The sublimated fig leaf had not yet become a popular wearing apparel for modern young ladies and gentlemen. There was an unbreakable rule that shorts had to be spic-and-span, and well-laundered.

-:-

THE NIGHT I was listening to "The Damnation of Faust, by Berlioz, which demands its measure of concentration, two females wandered about dressed in something called a pedal-pusher, made of nondescript cotton cloth which clung to their bodies as though pasted on. The color of the cloth was uncertain and gave some evidence of the use of too powerful a detergent in the washing machine.

On the uppers, they wore something that covered less than more and seemed not to serve any very useful purpose. To top it all, they wore their hair so that it looked like a horses tail which is what my young daughter told me it was intended to be.

They were stockingless and sockless but did wear sneakers that caused them to scuff as they walked. It was an exhibition in tastelessness if not distaste.

I cannot be arbitrary about what is taste in clothes. I have lived in countries where men wear skirts and women trousers, and I have seen women who strapped themselves to look like boys and men who bejeweled themselves fashionably.

-:-

GOOD TASTE has something to do with local custom and it is not local custom in New England to wear briefs. Ugliness is always unforgivable and the short that becomes a brief is ugly.

When thousands are gathered in one place and so many are badly dressed and wear clothes that only accentuate the imperfections of the human figure, it makes one wonder what has happened to proper manners and good taste.

Perhaps it bespeaks the nineteenth century reactionary to consider manners; yet they did make life more orderly. And if, as some philosophers believe, manners are the external expression of morals, then these new, popular summer fashions must have been designed by minds that have never heard the line:

"Beauty is truth, truth beauty.

Ordeal By Criticism

The question whether President Eisenhower will run for re-election in 1956 has been raised again in Washington, and a current event in West Branch, Iowa, has direct bearing on the answer. West Branch is having a homecoming for Herbert Clark Hoover.

West Branch is going to be known to future generations as the birthplace of the 31st president of the United States. That will be its only claim to fame, but there were times when West Branchers couldn't be sure they wanted to enter the claim. Their native son was worked over ruthlessly by the spreaders of calumny and infamy when he was in the White House, and it hurt.

Those who made a study of the technique of political defamation used to say at the time it was the roughest defamation any president had withstood since the hard-nosed boys with a glint in their eyes went to work on Abe Lincoln. When their work was done on Herbert Hoover and the victim of their campaign of smears and slanders had retreated into private life, he was heart-broken.

He did not stay heart-broken, and there never was anything wrong with his spirit. He picked up his private life where he had left off and, when the call finally came to serve his country again, Herbert Hoover resumed his interrupted project of reorganizing the federal government to make it work better.

At he age of 80 he has been established securely by common consent in America's unofficial position of Elder Statesman No. 1. Elder Statesman No. 2, is by common consent Harry Truman, another former president who learned what it felt like to live in the White House under a drumfire of abuse and ridicule.

All of which should have bearing on what will be going through the mind of Dwight Eisenhower and perhaps through the mind of Mamie Eisenhower, too. Bess Truman and Lou Henry Hoover, if she were living, could tell Mamie Eisenhower how it feels to stand beside a public figure when the buly boys begin to mix bricks with the confetti.

What we are trying to get hold of here is the fact there is no easy way to live in the people's mansion in Washington, D.C. It is a pillory, not a palace. When men who have been chosen to undergo the great ordeal by criticism, they fall to their knees and pray with good reason. To endure what has been made almost unendurable calls for more strength then men possess. They need some outside resources.

President Eisenhower has had things relatively easy so far. But chances are when he evaluates the kind of a life he has and compares it with the kind of a life he would like to have, he resents the bitter, mean aggravations hat have kept his two and a half years in the presidential mansion from being as serene and satisfactory as he would have liked them to be.

That is the test, Mr. President—to see how a man survives what is unworthy. The old man at West Branch smiles much of the time these days. His eyes crinkle. He laughs heartily. He has thousands of friends. People respect him to the point of revering him for having withstood the hardest test here is.

Mr. President, don't be disappointed because there are days when you wonder—as you wondered the other day about George C. Marshall—what a man must do in America to earn respect. The old man who is having a homecoming in West Branch in honor of his 80th birthday has the answer to that one.

Thoughts For Today

For thou shalt eat the labour of thine hands; happy shalt thou be, and it shall be well with thee.—Psalms 128:2.

Blessed is the man who has found his work, led him ask no oher blessedness. Know thy work and do it; and work at it like Hercules. One monster there is in the world, the idle man. — Thomas Carlyle.

Once Over

By H. I. PHILLIPS

Check, Double Check

It was 40 years ago this month that this planet world went off its rocker with the first World War. It won little but the right to ask, "Where am I?" on a nonstop basis. A review of events destroys the illusion that human beings are smart, or even capable of sound reasoning.

A pompous egotist who strutted in 3-D and behaved like an old-time vaudeville comedian on horseback started the first war. A screwball paperhanger, souvenir postcard salesman and refugee from a paper-doll-cutting factory started the second. Two world wars were fought against plotters against freedom, and now, 40 years later, we have them king-size.

-:-

Our troubles trace back to the shooting of an obscure archduke named (of all things) Ferdinand! (who dat?) The world is now in a situation where everybody is shooting at somebody else. Archdukes are not even bothered with.

"Make the world safe for democracy!" "The tyrante must go" and "Liberty for all!" were our slogans and they seem to have been replaced by "Quick, Nellie, the aspirin!" "Hold everything!' 'and "Are you sure the foglights are working?"

Our side licked Kaiser Bill and "Nutsie" Hitler, two of the noisiest "I can lick any man in the house" characters in history, but it proved only that the victor in modern warfare winds up asking, "I won; what's my punishment?' '

-:-

What did two world wars bring us? The atom bomb, jet propulsion, the $18,500 one-floor bungalow with "expansion attic," the smallest glass of beer for the money on earth and more electric iceboxes than any other nation.

We fought for a better world and got Panmunjom, the veto, the 15-cent cup of coffee, the sales tax, the $1.25 haircut and the 75-cent shave! We blitzed the goosestep and got the Buzzards Waltz. We licked the Kaiser and Hitler and got Malenkov, Molotov, Cho En lai, Gen. Mao, Ho Chin Whooziss, the 25-year itch and the large economy-sized headache.

We knocked off Bill, Adolf, Benlot and Hirohito and came up with the Kremlin world conspiracy, international hatreds and long-range jitters.

We went to war for honor, decency and the four freedoms and we got global spy hunts, flying saucers, the underwater fountain pen, the dollar shrimp cocktail, the five-dollar steak, the killer-diller tax bill, a frightwig in every home and 100 "SHELTER" arrows in evtry office building.

-:-

All the world's a stage and the people merely nervous disorder eases thumbing noses at one another. It must be nice to have nothing to fear but man-eating sharks. The Four Horsemen now ride guided missles. A head hunting savage looks excusably baffled today when someboy tries to interest him in becoming civilized. Looking at this planet it is hard to tell whether it is a planet, a psychopathic case, an animal act or a towing job. Things are safer in wasp nests.

People are so dangerous it is hard to get wildcats to enter the cage with human beings! One of tht biggest figures in the amusement world is a CHIMPANZEE! The other day a boy smacked a bear and the bear took to its heels, probably to take it up with U.N. Kids are attacking policemen. Our canary spits at the cat and sings, "Throw 'em Out McCloskey."

Civilization? Take it away.—It got in under false pretenses.

A new movie called "Rear Window" is a story carried out through window peeking. . . . Sunbathing cuties, nearly naked ballet dancers rehearsing in their rooms, two-timers carrying on their affairs, etc., are all shown as a background for a gripping murder tale. . . . "They could have ruined this picture by pulling down the shades," we hear a movie fan eclare. . . . How about renaming it "The Big Peek," "The Not-So-Private Eye" or "High and Snoopy"

Inside Labor

By Victor Riesel

ROME

Soviet espionage here is so vast, and its spies so successful, that Italy and the U.S. might as well plan our secret commcn defense and atomic strategy in cellophane-walled rooms equipped with loud speakers.

Victor Riesel

The basis of this espionage network — which has all our secrets, believe me —is a system of "worker spies" trained in special "spy schools," and placed in virtually all sensitive government and industrial spots by the Communist-run Italian General Confederation of Labor (CGIL).

These "spy schools" were pointed out to me in several of the large cities — the "Chicagos" of northern Italy. They exist not only on the roads to Rome but in many of Italy's big communities.

-:-

THE BRIGHTEST of the trainees are regularly run behind the Iron Curtain to special schools in Prague, Budapest and Bucharest for "graduate" training Then they are returned to Italy for infiltration into those agencies through which pass the confidential data, not only of Italy, but of the entire free world.

I write this, for example, as the Italian courts consider the case of a Mario Caluori, an official of the Ministry of Industry, accused of stealing the most classified NATO (military and naval) procurement documents. Investigation reveals that he is a member of the Soviets Italian labor federation here.

There is, for another example, the Precision Office of the Italian Army's Defense Ministry on the Via Guido Reni, some piazzas away from where I write.

This is one of the free world's most sensitive headquarters. Though it passes the latest information on precision mechanisms which make for a push button war. Here such equipment is tested, designed and even invented. Here they get our latest data, too.

Out of about 900 workers and half are Communists and fellow travelers. Red party pubications are quietly passed about and read right inside the agency.

The disciplined Communists in it know every one of its secrets. And to add a musical comedy touch, the Communist party newspaper, UNITA, howled in print not too long ago when two Communist officials were transferred out of this Italian Army headquarters. The transfer was "dictatorial action by the Ministry of Defense," screamed UNITA.

-:-

THE ITALIAN ARMY itself, which is somewhat integrated with our defense strategy, has more than 80,000 civilian workers on its payroll. Trade union leaders, such as Giulio Pastore, leader of the anti-Communist labor federation, C.I.S.L. supported by and working with U.S. labor, tell me that thousands of these Army workers are members of the Soviet-controlled Italian labor federation.

At least 60,000 belong to the Communist labor outfit Thousands of them are the disciplined party street fighters who make up the Italian Communist party's revolutionary underground army.

These activists of our scarlet enemies constantly propagandize the Italian soldiers — urging them to turn their guns on American troops when the time comes. Take it for granted that these Communist workers are organized to funnel all new military information into party channels for transmission to Moscow.

Why aren't the spies apprehended? Well, it must be understood that the Commies know what the Italian counter-intelligence knows. Police and army officials have liscovered a hundred times over that secret orders and files reach the Communists long before they are received by subordinate police officials and army men being sent into action.

-:-

FOR EXAMPLE, when the Italian Army moved into the province of Ferrara, during the farm workers general strike some seven weeks ago, they hit the road on secret orders. These were sealed. But the army officials soon discovered that the Communist farm labor union chiefs were aware of the exact routes the troops were to take — long before the soldiers themselves knew!

Had he Communist labor leaders not been under orders from the Comintern to behave themselves during this Russian lullaby season, the Soviet controlled farm union chiefs could have thrown up road nests and some artillery against the regular army.

Key Communist workers take orders from some 4,500 highly trained Communist labor chiefs. Thousands of Soviet trained workers and officials have vital posts on the state operated railroads, the federally owned radio and television networks, banks big military arsenals, naval depots at Taranto, La Spezia and Venice, the Labor Ministry, the Finance Ministry, the Post and Telegraph Bureau, and in the Transport Ministry. And some are at the division chief level.

Whom do you think these officials and workers will fight for in the showdown?

Doctor Plays 70 Holes Of Golf On 70th Birthday

MORGANTOWN, W.VA. (AP)—Dr. R. C. Spangler, a professor of botany at West Virginia University, played his annual round of birthday golf yesterday — 70 holes in honor of his 70th birthday.

Spangler toured the Morgantown Country Club in 328 for an average of 84.3 for each 18 holes. He one-putted 21 greens.

The professo. started his marathon at 8 a.m. and, with an hour and a half off for lunch, wound up at 7:30 p.m.

Builders Cut Corners To Lower Costs

NEW YORK (AP)— Builders are cutting corners today to speed factory, office and store construction —and to pare costs.

Here are a few of the new devices and materials that are changing building methods as well as the face of America:

Concrete floor slabs piled like pancakes—then lifted into position by hydraulic jacks.

Sidewalls prefabricated and swung into place by derricks—to sheaf an entire skyscraper in the matter of hours.

Porcelain - enamel panels fastened onto an old building—for a quick face lifting.

Walls entirely of glass swung into place—leaving special problems for window cleaners.

Prefabrication is getting a big boost these days in the efforts of builders to beat high labor construction costs. Competition is spreading among materials. Steel aluminum, glass, porcelain are giving brick and stone a race for exterior walls. Plywood and plastics vie with lath and plaster for interior partitions.

Teaming ready made concrete floors and steel walls can make for a speed operation, according to the Truscon Steel Division of Republic Steel Corp., which has a window-wall unit for sale.

First, reinforced concrete floors are poured on the round, stacked like flapjacks with a thin layer of talcum-like powder keeping them apart while they dry. Hydraulic jacks raise each in turn to its place on bracketed structural columns. They have to start with the top floor and work down.

Then four-man crews swing Truscon's ready-made glass and steel wall units into place. Each unit has complete exterior and interior wall finishes, with window and insulation built in.

The pour-and-raise floors and window-walls were used by Clemson College in building a new dormitory on its Clemson, S. C. campus. Truscon says its four-man crews erected 1,400 square feet of wall space, completed inside and out, in a day, or in 32 man hours

The same units were also used in the United Air Lines Office building at Chicago's airport, and Truscon says they will be used in the Oklahoma State Fair's office building.

Builders are also using aluminum panels, die-stamped and prefabricated for enclosing office buildings, stressing the speed with which the exterior walls can be completed.

Glass panels fitted into frames furnish entire walls of some new buildings. They can be bolted quickly into place. A New York bank is raising an "all-glass" banking office building on Fifth Avenue.

The chief problem comes later—cleaning them. Where the glass walls are sealed and fixed, they are cleaned from the outside by cabs or platforms lowered from the roof by mechanisms that are part of the building itself.

In some of the new buildings the glass is put into frames that are pivoted vertically, so that they can be spun around for cleaning from the inside.

For some large skyscrapers, window cleaning is a full-time job —the first window getting dirty again by the time the last one is washed.

Porcelain-enamel faced steel panels are also being used by builders on both new and old structures as an outside finish.

A sturdy, but dated building can be given a fresh look, builders point out, by fastening the panels to a light steel framework attached to the old facings. It's been used on factories, office buildings, hospitals and service stations.

Electronic Trigger To Set Off Raid Sirens

LOS ANGELES (AP) — An electronic trigger to set off air raid sirens by radio was announced today by Howard Earl, civil defense director of Los Angeles County.

He said the system is the first of its kind in the nation. It incorporates an inaudible sub-sonic impulse that can be flashed over a standard radio broadcasting system.

ZIMMERMAN REUNION SET

The Zimmerman reunion will be held Aug. 22 at Centennial Park.

Lunch Highlights Highland Reunion

A basket lunch at noon was enjoyed by approximately 75 persons attending the 39th annual Highland School reunion Sunday at the Highland Church. Mrs. Anna Stewart was one of the oldest members present.

Mrs. Charles Morlan, elected 1955 president, will succeed William Young of Minerva. Other officers serving with Mr. Young were Robert Montgomery of Canfield, Mrs. William Lewis of Leetonia, and Miss Ida Farmer of Salem.

The afternoon program included readings by Lynn Clewell and Mrs. Kenneth Stewart; invocation by Mrs. Morlan; accordion solos by Miss Ethel Marshall of Leetonia and group singing.

Norman Muntz and Mrs. Homer Gamble reminisced on former years.

Committee members included Mrs. Myrtle Hanna, Mrs. James Vincent, and Mrs. John Driscoll for the program, and Mrs. Wesley Hanna, Mrs. William Young and Mrs. Clyde Farmer in charge of table arrangements.

The 1955 reunion will be held the second Sunday in August.

The original Highland school building was constructed in about 1833.

Greenford High School Holds Class Gathering

E. Noel Slagle and Dora Paulin Yeager of Canfield were elected president and secretary respectively, when the 1939 graduating class of Greenford High School held its third annual reunion Sunday at Centennial Park.

The group enjoyed the park facities and a picnic supper followed by a social time. Another reunion was planned for early July or late August in 1955 at the same place.

Legion Auxiliary To Assist In Carnival

The American Legion carnival, which is a benefit for the Legion building and child welfare fund, is in progress in Salem through Saturday. Members of the Legion Auxiliary, meeting for a picnic dinner Tuesday night at Centennial Park, made plans to assist with the four-day event.

Mrs. Kenneth Harsh conducted the meeting. Also discussed was the Auxiliary County Council meeting at Firestone Park Aug 24. Several Salem members will attend this picnic affair. Mrs. William Needham, 1953-54 president, remembered her fellow officers with gifts.

The women will assist the Legion in the carnival benefit with Clifford Whinnery, commander, and Ernest Mosher heading the general committee. The Little League baseball teams, with the assistance of mothers of the boys and the cooperation of the Legion, also will take part in the benefit, raising money for their projects.

Mrs. Richard Jones To Entertain M. C. Club

M.C. Club members were guests at the Depot Road home of Mrs. William Campf Tuesday evening where they were entertained with Monte Carlo Whist games.

Mrs. Joseph Sweteye was a guest. Prize winners were Mrs. Richard Jones and Mrs. Frank Hill. At the Sept. 14 party Mrs. Jones will be hostess in her home on Arch St.

Lookout Tower Plans Studied

Post May Be Erected At Firestone Park

COLUMBIANA — Firestone Park is being considered as a possible site for a ground observer tower when the organization of the corps here is completed.

Members of Council and the park board will meet there to look over the situation next Tuesday evening before Council meeting.

Council and park board studied Tuesday evening the provisions of the deed of conveyance of the park area from the Firestone family to the village to ascertain whether possible minor changes in regulations might be in conflict. The park board next year may make a nominal charge for the use of open tables.

The park board has decided to resurface several drives this season.

THE FORMER Manos theater room in the Barrow building is being remodeled for occupancy about Sept. 1 by a branch office of the Western & Southern Life Insurance Co. and Dr. Leonard Pritchard, a medical doctor from Pittsburgh.

George Mulch and family, who went to Honolulu, T. H., eight years ago are moving back to Columbiana. Mrs. Mulch arrived Monday, and his mother, Mrs. Jessie M. Mulch, 128 S. Middle St., is in California to meet her son and other members of his family. Mr. Mulch is a furniture upholsterer.

-:-

THE MANOS Theater here has installed a new screen 38 feet wide, by 17 feet high, reputed as being the widest screen in Columbiana County, replacing one 21 feet wide. The new stage and projection booth equipment represent an investment of $5,000.

In preparation for a meeting here Monday, Oct. 25, of lodges of the 28th district of Ohio Rebekahs, Pandora Lodge will have degree practice at its meeting next Monday evening. State officers are expected for the district meeting.

The Searchlight Class of the Methodist Church will have a benefit Saturday at the Western Auto Supply.

THE LADIES' Auxiliary of Clipper Aerie, Fraternal Order of Eagles, following its regular meeting next Tuesday, will give a euch[r]e party at 8:30 p.m. when a queen for the evening will be crowned. There will be prizes and lunch. Mrs. Evalyn Porter, secretary, represented Clipper Auxiliary at the recent convention of the Grand Auxiliary in Chicago.

Delbert Farmer of the Columbiana-Middleton Road broke his right ankle Monday in a fall from a ladder while picking apples.

Columbiana Auxiliary of Salem City Hospital will have its August sewing for both Salem hospitals at the American Legion Home Monday, beginning at 10 a.m.

Boa That Came Back To Life Becomes Purse

CHARLESTON, W. Va. (AP) — They're making a purse out of "Blondie," one of the most deceptive boa constrictors ever to slither across a cage.

Blondie broke into the news last month when she underwent surgery, after gulping a poisoned guinea pig, and "died" in an oxygen tent.

Twenty hours later, however, she suddenly came to life at the home of her owner, George Hilton of nearby Nitro.

Hilton's joy was shortlived. Tuesday Blondie gave a couple of quivers and died again. After waiting a decent interval to make certain, Hilton had Blondie skinned yesterday — all eight feet of her.

Hoot Owl Kills 100 Turkeys On Farm

SYKESVILLE, Md. (AP)—More than 100 young turkeys on a nearby farm were killed yesterday by a dive-bombing hoot owl.

Leonard S. Brushwood, who operates the turkey farm, said the owl got into a pen where he had about 250 turkeys. Shortly after sunrise, Brushwood said he saw the owl using its big wing-spread to corral the turkeys, all 8 weeks old and weighing about 4 pounds each, into a corner.

Brushwood said he shot the owl and found it had bitten off the heads of more than 100 birds.

Polio Reaches Epidemic Stage In Los Angeles

LOS ANGELES (AP)—Polio has reached epidemic proportions in Los Angeles, the City Health Department says, and this month and next comprise the peak period for the disease.

Health authorities said 11 new cases were reported yesterday, bringing the year's total to 300 with 3 deaths. This total, they said, is the highest since 1948, when 1,314 cases and 53 deaths were recorded for the year.

Merchants Win County League Pennant For 2nd Straight Year

Tribe Tops In Winning Close And Extra-Inning Contests

NEW YORK (AP) — Cleveland's reputation of folding the stretch may wind up only a forlorn hope of the New York Yankees if the Indians continue to thrive under pressure.

Al Lopez' surging crew if traveling at a phenomenal .70 pace, but what's more important, psychologically, they're winning the close ones.

Figures compiled by The Associated Press show Cleveland has the major leagues' best record in one-run and extra-inning games.

The Indians have won 22 games and lost only nine by the margin of a single tally. In 13 overtime contests, they've produced 10 victories. Including its 2-0 victory over Detroit yesterday, Cleveland has captured 11 games by two runs and dropped four.

The Yankees have done well enough in the one-run games with a 21-10 mark, but have floundered in extra-innings with five triumphs against five setbacks.

The Chicogo White Sox, in third place, have won only 15 of 34 one-run tilts and two of six overtime tussles.

In the National League Brooklyn has an 18-11 record in one-run games for the top slate while the pace-setting New York Giants are in front in the extra-innings department with 8-3.

DERBY ENTRANTS ARRIVE

AKRON, Ohio (AP) — Swimming, baseball and a water show were on the schedule today for 151 boys signing in for the 17th running of the All American Soapbox Derby at the Akron airport Sunday. Tomorrow the boys will try out their cars on Derby Downs hill.

Nip Kensington 3-2 Wednesday

E. Liverpool Loses; Siefke, McNeely Star

For the second consecutive season, the Salem Merchants are the County League champions.

The locals assured themselves of the pennant yesterday by nipping Kensington 3-2 at Centennial Park while East Liverpool was dropping a 4-3 decision to New Waterford at East Liverpool.

Salem now has a 22-4 mark with two games to play while East Liverpool stands at 20-7 with only one tilt remaining. Manager Grady Odom's crew led the league the entire season.

Last year, after coating to the championship, the Merchants were upset in the playoffs.

-:-

CARSON McNEELEY'S to-run double and Hank Siefke's four-hit pitching were too much for Kensington last night.

Salem got off to a one-run lead in the first inning on Myron Stallmith's double and Red Weingart's single. Kensington went ahead 2-1 in the second inning on a balk, a hit batsman and two hits.

But Salem won the game in the bottom of the second as Barnes and Stitle walked and then, with two out, McNeely pounded one over the fence for a ground-rule double, tallying two runs and that was the end of the scoring.

Siefke held Kensington to one hit in shutting them out during the last five frames. He struck out 10 men and walked three in the game. The losing pitcher, Marquis, fanned six and walked three.

Chuck Marks had two hits to pace the new champions.

Salem will play Friday at 6:15 at New Galilee and, Sunday, East Palestine will invade Centennial Park for the last game of the regular season. Team treasurer Gale Dougherty this morning requested all players meet at the Memorial Building at 4:45 for the Galilee trip Friday.

In other action yesterday New Springfield clipped East Palestine, 6-1.

Bloombergs Nips Sidingers 9-7

In Class B action Wednesday at Kelley Field, Bloombergs broke a late tie to nip Sidingers 9-7. A 3-run fifth inning rally cinched the game.

Davey Williams of the winners and Ed Probert of Sidingers each had three hits. Bob Mills slammed a home run for Bloombergs.

Pudge Leininger was the winning hurler and Don Scattergood, the loser.

The Class B playoffs are slated to start next week.

Dean Nicholson To Matriculate To Ohio State

By FRITZ HOWELL

SPRINGFIELD, Ohio (AP)—Ohio's high school football jewels of 1953—the members of the North-South All-Star squads assembled here—will find new settings on college campuses all over the country this fall.

Of the 50 boys here for Friday night's ninth annual All-Star contest, and three others who returned home after being injured, 42 have made their college choice.

Ohio State University is the choice of eight of the talented youngsters, four from the North squad and four from the South. The big ones on the Buckeye list appear to be All-Ohioans Glenn Davis of Barberton, the fleet-footed halfback who recently won the state high school track meet all by himself; Dean Nicholson, 6-foot-9 "T" quarterback from Lisbon, and Eddie Breehl, standout center from New Philadelphia.

Dean Nicholson, six-foot, nine-inch quarterback, will be in the starting lineup for the North All-Stars in Friday's annual North-South All-Star game at Springfield.

North coach Jim Robinson of Canton Lehman today named Nicholson as his pass threat to complement a backfield which also features Jack Nichols of Lehman, Ron Whitomb of Fremont Ross and Glenn "Jeep" Davis of Barberton, who single-handedly monopolized the State track finals.

The 42 kids who have made up their minds picked 10 Ohio colleges an 12 out-of-state schools. Indiana gets two of them in Jack Nichols, a place kicking genius and fullback from Canton Lehman, and Bill Van Buren of Lorain, the all-state center.

Three of Massillon's six-time state championship team all picked out-of-state schools. Bruce Schram, tackle, will go to Cornell; guard Ronald Agnes wil go to Brown and end Jim Letcavits will follow coach Chuck Mather to Kansas.

Here are the college choices of the other All-Stars:

Ohio University — Fred Meeks, Canton Lehman; Dave Kuenzli, Upper Sandusky; Richard Wray, Lockland; Jerry Keim, Urbana.

Indiana — Salvatore DiPietro, Canton Central Catholic; Ken Watson, Cleveland Euclid.

Ohio State — Ray Beerman, and Tom Crawford, both Toledo DeVilbiss; Jim Kater, Harrison; John Floyd, Columbus North; Leo Brown Portsmouth.

Kent State — Ronald Fowler, Akron East; Allen Karp, Cleveland Rhodes; Bryan Burke, Cleveland Rhodes.

Syracuse — Larry Reeves, Mentor.

University of Miami (Fla) — Ray Burton, Chagrin Falls.

Miami (Ohio) University — Jack Bourn, Springfield Twp; Stan Johnson, Springfield Public.

Michigan — Martin Testa, Akron St. Vincent.

Cincinnati — Phil Collins, Cincinnati Roger Bacon; Bob Rizer, Springfield Catholic; Ronald Counch, Hamilton Public.

Otterbein — Delbert Thatcher, Cambridge.

Tennessee — Thomas Stockhoff, Cincinnati Hughes.

Indiana Tri-State — Bill Stevens, Marietta.

Michigan State — Dick McDonald, Middletown.

Capital — Charles F. Kessler, Columbus Linden McKinley.

Marquette — Robert Igel, Columbus St. Charles, Ronnie Whitcomb, Fremont Ross; Dave Kimmel, Youngstown Ursuline.

Notre Dame — Frank Kuchta, Cleveland Benedictine.

University of Dayton — Don Zimmerman, Dayton Chaminade.

Youngstown College — Jim Vechirella, Youngstown Ryen.

Central State — Willie Simmons, Warren Harding.

Eleven others have not made up their minds but may reach a decision before the end of the week, since coaches from 24 colleges scattered throughout practically every state east of the Mississippi are here for the week-long clinic preceding Friday night's contest.

Lisbon Defeats Butler Grange

Red Caps, Amvets Also Triumph In Softball

Fifty-nine runs were scored on 47 hits and 30 errors in the city softball leagues at Kelley Field Wednesday.

In "AA" play, Lisbon won its fourth consecutive game by smothering Butler Grange 18-9 to move out of the cellar. In Girls' League results, Amvets beat Beloit and the Red Caps downed Homeworth, both by identical 10-6 scores.

Lisbon 18, Butler Grange 9

In a wild battle, the fast-improving Lisbon nine overcame a 9-0 deficit and took the decision in five innings.

The trimph moved them into sixth place, ½ game ahead of Paul and Joe, and only 6 percentage points behind fifth place Bliss. Grange fell deeper into fourth, only a game ahead of Bliss.

At this stage of the race, Salem Tool and Demings look like sure bets for berths in the playoffs, and Mullins will be hard to dislodge, but all teams have a chance at the fourth place berth.

Grange led 9-0 last night at the end of an inning and a half with Al Landwert's double, Chuck Montgomery's triple and Joe Vogelhuber's homerun featuring.

Lisbon came back with two in the second and tied the count in the fourth with a wild seven-run uprising. Joe Siefke, Paul McDevitt and Hank Siefke had consecutive doubles and Fred Mattix topped the rally with a homerun.

Lisbon's nine-run outburst in the fifth ended the game. McDevitt and Hank Siefke had homeruns, Felix Rutecki blasted a triple, Andy Cartwright had a double and Paul Logue and McDevitt slammed out singles in the big inning.

Red Caps 10, Homeworth 6

In a battle of errors, 15 in all, the Red Caps scored seven runs in the second to coast in.

Homeworth kept plugging away, scoring consistently, but were unable to overcome the lead.

Peg Dysle had a homerun and a single to lead the losers; Ruth May and Joan Crawford registered two hits apiece for the Red Caps.

Amvets 10, Beloit 6

Trailing 3-0 after four innings, Amvets scored 10 runs in the next three innings to take the win. Janet Reeder, Joan Slaby and Helen Yeager led the rallies with two hits apiece.

A four-run seventh broke a 6-all tie for Amvets.

Beloit got only four hits but made them all count. Joan Early's two-run homer was the big blow.

Yeager and Reeder each had three hits and Slaby and Connie Gillett, two each for the winners.

Tonight, Goshen and Parkers, Bliss and Paul and Joe and the Old Timers and Furnace are pitted. Tomorrow, Paul and Joe and Lisbon, Georgetown and Homeand will play.

worth and Salem Tool and Butler will play.

BROWNS IN MASSILLON

MASSILLON, Ohio ¾ — This hometown of Coach Paul E. Brown, mastermind of professional football's Cleveland Browns, prepared today to welcome the Browns to Tiger Stadium for an intersquad game Saturday night. Downtown sreets were decorated with football pennants, and the Massillon High band was tuned up for a halftime show. The exhibition game, sponsored by the Massillon Junior Chamber of Commerce, is for the benefit of the Police Boys' Club building fund. Brown coached at the high school here from 1932 to 1941 and in his last three seasons his teams won 30 in a row.

Second Major League All-Star Team Selected

A Little Major League All-Star team has been chosen to battle Waynesburg, Pa., as part of a twin-bill at Centennial Park, Sunday, Aug. 22.

A Minor League All-Star game will complete the twin attraction.

The major League outfit, selected by the league team managers, will be coached by James Jackson, Gene Tullis and Bob Jeffries.

Only one man from the first All-Star team which represented Salem in the area eliminations last month will play with this aggregation, pitcher Paul Herman of Electric Furnace. Herman will be joined on the mound by Aaron Swenningson of Fishers.

Other team members are: Harold Deitch (Furnace), George Hendren (Fishers), Bob Lambert (Eljer), Tony Dahms (Mullins), Dick Louden (Eljer), Don Wukotich (Furnace), Paul Kendra (Mullins), Powell Schumach (VFW), Jeff Roberts (Furnace), Lou Slaby (Furnace), Jim Dunn (Fishers), Carl Dunn (Fishers) and Dick Early (Mullins), Dick Paulini (Sekely), John Hanna (Sekely), Fred Phillis (Mullins).

Harlem Globetrotters To Play In Rubber Bowl

Rece "Goose" Tatum, ranked as one of the games all-time greats, will be in the pivot for the Harlem lobetrotters Saturday night when they play an outdoor cage doubleheader in the Rubber Bowl in Akron with Goerge Mikan's United States Stars.

In the first game, Bevo Francis and the Boston Whirlwinds take on Bill Spivey and the House of David.

Columbus Trips Indians, St. Paul Downs Toledo

By The Associated Press

Herb Moford threw a four-hitter at Indianapolis last night and enabled the Columbus Red Birds to beat the American Association leaders for only the third time in 15 games, 6-3.

It was Moford's 14th victory of the season. He now has whipped every other club in the league.

Another good pitching job figured prominently in St. Paul's 7-4 conquest of the Toledo Sox. Ron Negay scattered eight Sox hits and struck out 10 to post his 14th victory against nine defeats.

In the only other game, Charleston used 10 bases on balls and four wild pitches to run up a 6-1 count on Kansas City

Moore 'Calls His Shot' In TKO Over Johnson In Title Scrap

Johnson In Front Until Fatal 14th; Maxim Champ's Next Foe

By MURAY ROSE

NEW YORK (AP) — A spectacular "called shot" technical knockout over able Harold Johnson in the 14th round added luster to light heavyweight champion Archie Moore's great record today.

Now the 37½-year old fistic marvel will seek to fatten his bankroll with a Sept. 23 title fight in Omaha against either Joey Maxim or Jimmy Slade.

Maxim, beaten three out of three by the magnificent Moore, appears more likely to get the payday. His wily manager, Jack (Doc) Kearns will meet sometime today with Charley Johnston, Moore's manager, and members of the Omaha Centennial Committee to talk turkey.

After stopping the fast-punching, solidly built Johnson in a dramatic come-from-behind fashion for his 19th straight victory, Moore said he'd like to fight either heavyweight champion Rocky Marciano or Don Cockell, the British heavyweight king.

Manager Johnston, a realistic soul, said "Marciano has that Sept. 15 title fight with Ezzard Charles and I know Cockell doesn't want any part of Archie. We want the dough and they're offering Archie $10,000 to fight in Omaha. We're ready."

Moore was ready, too, when Johnston told him to go out and "get" Johnson in the 14th.

"I'll knock him out in this round," Johnson said Moore told him. He did in just 56 seconds.

The crouching champion tore after his tiring rival, staggered him with a right to the chin, and then rained blows on his sagging rival. Johnson fell on his back in his own corner.

The Philadelphia Negro clambered up at six but his legs were rubbery. Referee Ruby Goldstein stepped in and stopped the slaughter.

Although Moore was trailing going into the 14th, (two of the three officials had him behind), the 175-pound ruler said he had no doubts about the outcome.

"I knew I'd get him," said Archie.

Johnson decked Moore in the 10th with a right behind the ear. If the fight had been a ten rounder Harold would have won. All three officials had him ahead then. Goldstein had it 5-3-2. Judge Bert Grant 5-4-1 and Judge Arthur Aidala, 7-3.

"I made one mistake," said the crestfallen loser. "My corner told me not to back up straight but I did and he got me."

Indians Trip Detroit 2-0

Lemon To Oppose Zuverink Today

DETROIT (AP)—If Bob Lemon is to win his 16th victory for the Cleveland Indians today, he may have to put a little punch of his own into the Tribe batting attack in addition to outsmarting the Tigers on he mound.

Winning 2-0 yesterday, the Indians scored two unearned runs on three hits. In the opener of the three-game series, Cleveland made only five hits and was shut out 4-0.

In their last visit to Briggs Stadium, Cleveland was blanked 1-0 by George Zuverink in 11 innings.

Zuverink, a former Tribesman, will hurl today. He has a 7-6 record. Lemon, who has won seven in a row, has lost only five. Against the New York Yankees last Sunday, Lemon helped his cause with a homer and a single driving in two runs.

Mike Garcia limited Detroit to four singles in hurling his fifth shutout of the season yesterday. Garcia has won 14 against five losses.

Garcia needed all his speed and a good measure of luck to overcome Steve Gromek, ex-Indian righthander, who limited the Tribe to two singles by Bob Avila and one by Larry Doby. Garcia and Gromek each gave three walks.

Two Tiger infield errors in the second inning decided the game in Cleveland's favor. Al Rosen was on first with a walk when Dave Pope hit a roller to Wayne Belardi at first. Belardi's throw to second pulled Harvey Kuenn off the bag and Rosen was safe. Kuenn's return throw to Belardi bounced into the Cleveland dugout, and Rosen scored, Pope taking third. Pope came home as Sam Dente grounded out.

Hitless in three turns yesterday, Rosen was moved down a notch in the batting order and out of he clean-up spot for the first time this season. Vic Wertz batted fourth.

Rosen's current .294 batting average is his lowest in two years and he has been hitless his last 19 times at bat. During August's 11 games, he has hit one single, one double and driven in one run in 39 at bats.

Barrett Calls For SHS Grid Candidates

Salem High School football coach Ben Barrett has issued his first call for candidates.

All prospective high school gridders are to report to Reilly Stadium Friday, Aug. 20 for physical examinations. Uniforms will be issued and lockers will be assigned.

Barrett said that the first full-dress practice session will begin promptly at 9 a.m. Monday, Aug. 23. Salem does not hold spring drills; therefore is allowed to start practice late in the summer instead of waiting until classes resume.

Barrett will have four weeks in which to prepare his squad for the opening game Sept. 17 with Conneaut at Reilly Stadium. Jim Beard will be captain of this year's team.

Inaugurating his 12th season at the helm of the Quakers, Barrett's 11-year record shows 66 wins, 29 losses and three ties for a per centage of .695.

Over 400 At Golf Club Clambake

More than 400 members and guests enjoyed the annual clambake at the Salem Golf Club Wednesday.

DAV Defeated 4-2 By Mounts Furnace

In Little Minor League action at Zelley Field Wednesday, Mounts Furnace edged DAV 4-2.

The win moved the first-place Mounts nine within a half-game of cinching the loop title.

Pitcher Larry Whinnery won his eighth game in eight starts with a three-hitter in which he struck out 10 men in six innings.

Charles Horn paced the Mounts attack with two hits.

If Mounts can whip Gordon Leather Friday night, it will cinch the pennant. If not, Mounts will then play off a rained-out game next week in the last tilt of the Little Minor League season. Carl Flitcraft manages the Mounts crew.

Young Golfers May Capture 'Tam' Money

CHICAGO (AP)—For the first time in a dozen years, golf's younger set is given a good chance to crash through the so-called old guard and cash in on the richest tournament in history — the "world" championship opening today at Tam O'Shanter.

Only the more hard-bitten pros have come through in the past the youngest winner of any Tam title being Byron Nelson who took the honors in the 1941 inaugural at the age of 29.

With $50,000 in cash and a $50,000 exhibition contract going to the winner, favoritism rests with such seasoned campaigners as Sam Snead, Cary Middlecoff, Lloyd Mangrum, Jimmy Demaret, Peter Cooper and the recent all-american winner, Jerry Barber. All are over 40 or pushing it.

But there are at least three youngsters who are not too awed by the big prize as the 72-hole sampede starts today.

They are British Open champion Peter Thomson of Melbourne and Gene Littler, each barely 24, and 27-year old Bob Toski now registering from Livingston, N.J.

The broad shouldered Thomson is one of the hottest tourney pros. He finished third in the All American phase of the Tam carnival that closed Sunday.

Toski, a little 127-pounder, is having his greatest tournament season, with a collection of $14,938 to be third in the official PGA money-winning list.

Littler, National Amateur champion last year, is a stoic fellow of Ben Hogan's old school who turned pro nearly seven months ago and has been runner-up in the National Open, Kansas City Open and All-American.

A Tribute to — Our Merchants

Storekeepers, we think, are entirely too modest. They serve you and your family faithfully every day. Yet how often do you remember their importance in your life? The merchant is a businessman. He must carry a heavy investment. He must own his building or pay rent for it. There are clerks and salespeople to pay. And a constantly-changing display of food or merchandise of some kind. The merchant must always make you think that "the customer is always right." Which isn't always true. So remember the trials and tribulations of your grocer, cleaner, department-store merchant, et cetera. And give them the fairness they deserve!

port that unemployment "is now greater than during the time of the Korean War."

But at that time he said joblessness in recent months has not been larger than in comparable months of 1949 and 1950.

"Moveover," he said, "the rate of unemployment has shown some tendency to diminish of late. This is one of the numerous signs of economic improvement."

Among other such signs Eisenhower said, are these.

"Retail sales have been recently rising again. Business expenditures on capital expansion and improvement are continuing at a high rate New construction contracts are running well above the level of a year ago.

"Inventories have been reduced and are now in better adjustment to current sales. The financial markets have been displaying great strength. The level of business and consumer confidence in the economic future is high and improving."

The President said the economic program being enacted by the present Congress "marks a milestone in constructive legislation." He said the program, which he did not detail, will help reduce unemployment and stimulate enterprise and development in all directions.

"In the months and years ahead, we must continue to bring knowledge, cool judgment, ond a concern for people to the consideration of economic problems," the report said. "In the measure that we do this, we may look forward with great confidence to the future."

Churches

countries belonging to the council have opposed representation of the Iron Curtain churches.

Dr. W. A. Visser't Hooft, the council's general secretary, said some of us may disagree" with positions taken by Iron Curtain churchmen, but council membership is based solely on a "spiritual criterion"—recognition of Christ as divine Lord and Savior.

He added it is "terribly important for this movement to keep in touch with the churches" behind the Iron Curtain, and so "everything we can to strengthen the links with Christians in those countries."

Secretary of State John Foster Dulles, who as a church leader clashed with Iron Curtain delegates at the council's founding assembly six years ago at Amsterdam before he entered the government, backed their admission now.

The State Department made detailed inquiries before approving the visas. It said the importance of the meeting to worldwide Christianity was so great the government should not bar anyone legally admissible.

This implied none were found to be Communists or Fascists, who are barred under the McCarran Act.

Dr. O. Frederick Nolde, chairman of the council's International Relations Commission, called the decision a "clear demonstration of our belief in religious freedom," which would hearten people under totalitarian rule.

Most vociferous attack on admitting the Iron Curtain churchmen has come from the Rev. Carl McIntire of Collingswood, N. J., head of a small faction of fundamentalists called the International Council of Christian Churches.

Describing the delegates as "agents of the Kremlin," he has urged a wave of rallies, resolutions, speeches, advertisements, letters and demonstrations to protest their coming.

Sohio Increases Gas Price 6-10ths Of Cent

CLEVELAND (AP)—The Standard Oil Co. of Ohio increased its gasoline price by six-tenths of a cent today at all levels—jobber, dealer and retail—through most parts of the state.

New retail price for Sohio's regular gasoline is 26 and 9-10 cents, and the premium product, raised by the same amount, is 29 and 7-10.

Some areas where Sohio maintains depressed prices were not affected, the company said.

The move follows a general price reduction of 1 and 6-10 cents at company - operated stations, leaving current retail prices one cent below what the firm posted prior to June 4.

Meat Balls Enliven Picnic

When used with intelligence and discretion, pungent spices can do wonders to meat. From Mrs. Lester W. Jones of Baltimore, Md., we get this spicy meat ball recipe, ideal for picnics or made smaller, perfect as hors d'oeuvres.

Spicy Meat Balls (Baltimore)

Two pounds chuck or round ground beef
4 eggs
2 cups da old bread crumbs
2 tablespoons minced onion
2 teaspoons salt
¾ teaspoon ground black pepper
1 teaspoon prepared horseradish
½ teaspoon ground nutmeg
¼ teaspoon ground cayenne pepper
8 slices medium sized onion
8 medium sized mushroom caps
grated sharp Cheddar or Parmesan cheese

Combine first 9 ingredents. Shape into 2-inch balls. Place, alternately, on long skewers with a slice of onion and a mushroom cap, using 5 meat balls to each skewer.

Broil on all sides over charcoal grill until brown.

Cooking time will depend upon the heat of the charcoal fire, usually about 20 minutes.

Or if desired, place under the kitchen range broiler 10 to 15 minutes. Sprinkle with grated cheese before serving.

For Cocktail Balls: Make ¼ the above recipe, omitting onions and mushrooms. Shape into ¾-inch balls Saute in hot cooking oil until golden brown on all sides. Serve on toothpicks and dunk in grated cheese.

Yield: 30 small balls.

Imperial Crab

(Yield: 5 servings)

One half cup chopped green pepper
1 tablespoon butter or margarine
½ teaspoon salt
¼ teaspoon ground black pepper
¼ teaspoon powdered dry mustard
1 teaspoon Worcestershire sauce
¼ cup maonnaise
2 cans (6½ ounces each) crabmeat
1-3 cup chopped canned pmiento
2 tablespoons fine dry bread
¼ teaspoon paprika

Saute green pepper in butter or margarine until limp (about 1 minute). Toss lightly with the seasonings, mayonnaise, cranmeat and pimiento.

Turn into a greased one-quart casserole. Top with bread crumbs and sprinkle with paprika. Bake 30 minutes in a moderate oven (350 degrees F.)

BLUEBERRY GRIDDLECAKES

1 1-3 cups sifted flour
½ teaspoons baking powder
½ teaspoon salt
4 teaspoons sugar
2 eggs
2-3 cup milk
2-3 cup blueberries (picked, and washed and well-drained)
2 tablespoons butter or margarine (melted)

Sift together flour, baking powder, salt and sugar. Add eggs and milk. Beat until dry ingredients are just moistened; batter should have tiny lumps.

Fold in blueberries and melted butter with a few strokes. Bake 3 pancakes at a time on lightly greased griddle, pouring about 3 tablespoons of the batter for each; if you have a ladle that holds about 3 tablespoons, use it for pouring Turn griddlecake when they are golden - brown on underside and bubbly on top. Makes 12 to 14.

As pancakes are done, slather each with butter and sprinkle generously with powdered sugar, stack in piles of 3 and keep warm in low oven.

BLUEBERRY MUFFINS

1½ cups sifted flour
¼ cup sugar
3 teaspoons baking powder
½ teaspoon salt
¼ cup butter or margarine
1-3 cup wheat germ
1 egg
¾ cup milk
1 cup blueberries (washed and drained)

Sift flour, sugar, baking powder and salt together; cut in butter with pastry blender until blended; stir in wheat germ. Beat egg with rotary beater until thick and ivory colored; add milk and beat enough to combine.

Add egg-milk to flour mixture; stir just until dry ingredients are moistened. Fold in blueberries with a few light strokes. Spoon into 12 buttered muffin cups (1-3 cup size).

Bake in hot (400 degrees) oven 20 to 25 minutes or until cake tester inserted in center of a muffin comes out clean. Serve at once.

Milwaukee Sauce Flavors Cold Cuts

For cold meats, for potato and other vegetable salads, this Milwaukee sauce is a summertime blessing:

Sour Cream Cucumber Sauce

One cup finely chopped cucumbers
1 cup thick sour cream
1 tablespoon lemon juice
1 tablespoon sugar
1 tablespoon finely chopped onion
½ teaspoon salt
1 teaspoon horseradish

Beat together all ingredients with a fork. Chill.

With milk and eggs both on the list of foods abundant during June, it's time to remind ourselves that good old French toast can be mighty good.

French Toast

(6 servings—2 slices each)

Five eggs
1¼ cups milk
1 teaspoon salt
3 tablespoons confectioners' sugar
12 slices enriched yeast-raised bread

Combine eggs, milk, salt and sugar; beat slightly with a fork. Place buttered skillet over medium heat or heat griddle. One at a time, dip bread slices into egg mixture, turning them to coat both sides.

Brown on both sides. Garnish with fresh strawberries. Serve piping hot with warm syrup or fresh fruit jam.

Before the last war, we found this recipe in Bremen, Germany, in a little restaurant on a medeival street. We've always enjoyed it.

Casserole of Fresh Vegetables

Use fresh corn
snap and lima beans
young carrots
small white onions
sweet-smelling parsley

Cut corn from cob; cut beans in strips, shell limas, scrape and cut carrots into strips and peel onions. Cook each vegetable in separate water until just under done. Drain. Butter large casserole.

Place layer of carrots on bottom, then pour in a layer of medium, delicately flavored white sauce. Next a layer of snap beans, more sauce, then corn, sauce, lima beans, sauce, onions, sauce.

Sprinkle top with grated mild cheese. Bake in moderate oven (350 degrees F.) for about 20 minutes.

SHRIMP AND RICE DISH

1 pound shrimp (fresh or frozen and thawed)
1 teaspoon Worcestershire sauce
2 tablespoons flour
1 teaspoon paprika
¼ cup butter or margarine
½ cup chopped celery
1-3 cup chopped green pepper
¼ cup minced onion
3 cups hot cooked rice
4 slices bacon,
salt and pepper

Clean and devein shrimp; sprinkle with Worcestershire sauce; roll in flour mixed with paprika. Melt butter in large skillet; add celery, green pepper and onion; cook over low heat about 5 minutes.

Add shrimp, increase heat, and cook about 5 minutes more, or until flour browns and shrimp is pink. Add hot rice. Fry bacon until crisp; crumble and add with bacon drippings if desired; mix well. Add salt and pepper to taste and, if mixture seems dry, 2 tablespoons water. Makes 4 servings.

TOMATO SQUASH

2 tablespoons butter or margarine
1 medium sized onion, cut in thin strips
1 pound yellow crookneck squash (peeled and thinly sliced)
½ cup water
one No. 303 (1 pound or about 2 cups) can tomatoes
2 tablespoons cornstarch
1¼ teaspoons salt
¼ teaspoon mixed herb seasoning powder
½ teaspoon sugar
⅛ teaspoon nutmeg

Melt butter in 10-inch skillet; add onion and cook over low heat; stirring several times, for about 5 minutes. Add squash and water; boil gently about 10 minutes.

Drain a little of the juice (about ¼ cup) from tomatoes and mix with cornstarch until smooth; add this and rest of tomatoes and juice in can with salt, herb seasoning, sugar and nutmeg to skillet. Cook and stir constantly over low heat until thickened and clear. Makes 6 servings.

If your baby always tries to get hold of the spoon when you are feeding him, give him a small spoon of his own so he can "help."

French Pastries Made Easily

Paris — (NEA)— We went to a de luxe food fashion show at the Paris Ritz. Madame Schiaparelli designed a blue satin apron for the occasion. Ruth Andre, a young American mother from Minneapolis, director of Home Service, conducted the preview of European foods which the European Recipe Service is bringing to American homemakers.

With Warren Lee Pierce, board chairman of Trans World Airlines, we sampled them, and decided these two popular and basic French recipts would please the American family very much.

Pate A Chou Au Dessert

Melt ½ cup butter or other shortening in 1 cup boiling water in saucepan.

Add 1 cup sifted enriched flour and ½ teaspoon salt. Cook over medium heat, stirring constantly, until mixture leaves sides of pan and is smooth and compact, about 2 minutes. Remove from heat; cool about 1 minute.

Blend in 4 eggs, one at a time, beating vigorously after each until mixture is smooth and glossy. Drop by rounded tablespoons onto greased baking sheets. Bake in hot oven (425 degrees F.) 20 to 25 minutes. Do not underbake.

Turn off oven. Prick puffs with sharp knife for escape of steam; leave puffs in oven for 10 minutes to dry out centers. Split and fill with ice cream or whipped cream. Top with fruit or chocolate sauce, if desired.

Dough may be covered and stored in refrigerator up to three days.

Les Madeleines

Sift together 1 cup sifted enriched flour
½ teaspoon double-acting baking powder
¼ teaspoon salt

Combine 2 eggs
½ cup sugar
1 teaspoon vanilla.

Beat until thick and light. Blend in ½ cup soft butter or margarine. Add the dry ingredients. Mix thoroughly.

Divide batter into small well-greased tart pans or into small muffin cups. Bake in moderate oven (350 degrees F.) 20 to 25 minutes.

Clean flower vases quickly and thoroughly with hot water and vinegar or household ammonia.

QUICK GRAPEFRUIT AND ORANGE GELATIN

One 1 pound can grapefruit sections (packed in syrup)
oranges
1 envelope unflavored gelatin

Drain syrup from grapefruit into measure. Squeeze juice from oranges and add it to grapefruit syrup to make 2 cups. Sprinkle gelatin over ½ cup of orange juice and grapefruit syrup to soften. Heat rmaining orange juice and grapefruit syrup until very hot; add softened gelatin and stir until dissolved. Add drained grapefruit sections. Spoon into 6 sherbet glasses or individual dishes; chill until set.

Makes 6 servings.

Hawaiian Chicken Brightens Appetites

A different chicken recipe always is menu news. How do you like this one from friends in Hawaii?

Hawaiian Style Chicken
(Makes 6 to 8 servings)

One quarter cup butter or margarine
¼ cup chopped green onions or 2 tablespoons all-purpose flour onions
dash of salt
1 cup unsweetened pineapple juice
½ cup pineapple preserves
¼ cup moist shredded coconut
2 ready-to-cook broiling chickens, disjointed or quartered
butter or margarine
salt and pepper

Melt ¼ cup butter in a saucepan. Add green onions and cook over low heat until tender, about 2 minutes, stirring occasionally. Blend in flour and a dash of salt. Stir in pineapple juice and cook, stirring constantly, until thickened.

Add the pineapple preserves and coconut; mix well. Remove from heat. Brush or rub chicken with butter or margarine. Sprinkle inside lightly with salt and pepper. Place skin side down on the rack of a broiling pan, about 4 inches from source of heat.

Broil slowly, about 20 minutes. Baste with the pineapple sauce during last 5 minutes. Then turn chicken, skin side up, and broil 15 to 20 minutes longer, or until tender. Baste with the pineapple sauce during last 5 to 10 minutes of broiling time. Arrange on a heated platter and serve piping hot.

Here's a fresh peach pie, repeated from last year because so many readers said it is tops

Fresh Peach Country Pie
(Serves 8)

One 9-inch unbaked pie shell
4 cups peeled sliced fresh peaches
¾ cup sugar
4 tablespoons flour
¼ teaspoon salt
⅛ teaspoon cinnamon
¼ teaspoon nutmeg
1 teaspoon grated lemon rind
1 cup light cream
1 tablespoon brown sugar
¼ teaspoon cinnamon

Place peaches in pastry-lined pan. Mix sugar, flour, salt, cinnamon, nutmeg and rind together. Blend in cream and pour over peaches. Sprinkle brown sugar and cinnamon mixed together over top of pie. Bake at 400 degrees F. (moderate hot oven) 50 to 60 minutes.

Note: Contains approximately 270 calories per serving (8 portions per pie). Also, fresh pears may be used in place of peaches, if desired.

FRESH PEACH CRISP

¾ cup sifted flour
1 cup sugar
dash of salt
½ cup (¼ pound) butter or margarine
2 pounds peaches
¼ teaspoon cinnamon

Sift together flour, sugar and salt. Cut in butter with pastry blender or rub in with fingers until blended. Peel peaches by dipping in boiling water until skin will rub off; pit and slice thin; there should be about 4 cups.

Arrange sliced peaches in baking pan (about 8 by 8 by 2 inches). Sprinkle flour mixture over peaches; dust with cinnamon. Bake in hot (400 degrees) oven 30 to 40 minutes or until top is lightly browned. Serve warm with cream. Makes 8 servings.

Summer Dessert of Warm Peach Pie

Fresh peach pie served warm with a spoonful of ice cream on top of each wedge is a perfect summer dessert.

On these hot days try making the filling and crust during the early, cooler hours and at mealtime it will take only a few minutes to put the pie together

2½ to 3 tablespoons quick cooking tapioca
¾ to 1 cup sugar
¼ teaspoon salt
4 cups sliced fresh peaches
1 to 2 tablespoons lemon juice
Pastry for two-crust 9-inch pie
1 tablespoon butter
vanilla ice cream

Combine tapioca, sugar, salt, peaches and lemon juice. Roll half the pastry ⅛-inch thick. Line a 9-inch pie pan and trim pastry at edge of rim. Roll remaining pastry ⅛ inch thick and cut into ½ inch strips.

Fill pie shell with peach mixture. Dot with butter. Adjust pie strips in lattice across pie top. Press ends to edge of bottom crust. Flute edge.

Bake in hot oven (425 degrees F.) 45 to 50 minutes, or until syrup boils with heavy bubbles that do not burst. Serve warm with a spoonful of vanilla ice cream on each serving.

Use 3 tablespoons tapioca when making a pie to be served warm. If desired, use ½ cup granulated sugar and ½ cup firmly packed brown sugar.

EGGS WITH CHEESE

4 eggs
¼ cup milk
⅛ teaspoon salt
2 tablespoons butter or margarine
½ cup medium-fine grated cheddar cheese

Put eggs, milk and salt in mixing bowl, beat only enough to combine yolks and whites so there will be as little foaminess as possible. Melt butter in top of double boiler; place over hot (not boiling) water; see that water does not touch top of pan in which you have eggs.

As eggs begin to thicken, draw large spoon across bottom of pan so as to keep eggs in fairly large pieces. (Do not cover). Continue to cook and stir in this way until most of egg is set, adding cheese with last stirring. Serve at once. Makes 4 small servings.

Coffee Charlotte Is Home Recipe

For your summertime cookbook, here are two recipes from our home files.

Think you'll welcome them.

Coffee Charlotte
(Yield: 8 servings)

One envelope unflavored gelatin
½ cup sugar, divided
⅛ teaspoon salt
2 tablespoons instant coffee
1¼ cups milk
2 eggs, separated
¼ teaspoon vanilla
1 cup heavy cream, whipped

In top of double boiler, mix gelatin, ¼ cup of the sugar, salt and coffee. Stir in cold milk. Place over boiling water and stir, until gelatin is dissolved.

Beat egg yolks slightly; add amount of the hot mixture slowly, stirring rapidly. Return to double boiler and cook, stirring constantly until mixture coats the spoon, about 3 minutes.

Remove from heat; add vanilla. Chill until mixture is slightly thicker than the consistency of unbeaten egg white. Beat egg whites until stiff; gradually beat in remaining cup sugar. Fold in beaten egg whites and whipped cream.

Spoon into individual serving dishes. Chill until firm. Garnish with additional whipped cream, pecans or chocolate cookie crumbs.

Lobster Salad in Tomato Shells
(Makes 8 servings)

Two cups diced, chilled canned lobster (2 6-ounce cans)
1 cup diced celery
½ cup mayonnaise
¼ cup sour cream
2 tablespoons rich prepared mustard
8 tomatoes
4 stuffed olives
lettuce

Combine lobster, celery, mayonnaise, sour cream, and mustard and mix well. Cut a slice off the stem end of the tomatoes, scoop out pulp and sprinkle inside with salt. Fill with lobster salad.

Cut out center of tomato slice and then replace slice on stuffed tomato. Cut olives in half crosswise and place in hole in center with cut side up.

Serve on lettuce leaves and garnish with pickles, olives, etc.

PEACH NUT COBBLER

4 cups sliced peaches (2 to 2½ pounds)
2 tablespoons lemon juice
½ teaspoon vanilla
2 tablespoons cornstarch
½ teaspoon salt
1¼ cups beet or cane sugar
1 tablespoon butter or margarine
1 cup sifted flour
1½ teaspoons baking powder
¼ teaspoon salt
1 tablespoon beet or cane sugar
3 tablespoons butter or margarine
¼ cup finely chopped nutmeats
1½ teaspoons grated lemon rind
1-3 cup milk

Mix peaches, lemon juice and vanilla. Stir cornstarch, ½ teaspoon salt and 1¼ cups sugar together thoroughly; mix with peaches; turn into 8 by 8 by 2 inch pan; dot with 1 tablespoon butter.

Sift flour, baking powder, ¼ teaspoon salt and 1 tablespoon sugar into bowl; cut in 3 tablespoons butter fine; mix in nuts and lemon rind. Add milk and stir to make soft dough.

Roll out ¼-inch thick on floured board or prepared pastry cloth; cut into ½-inch strips with pastry wheel. Use strips for lattice crust over peaches. Bake in hot (425 degree) oven 25 to 30 minutes. Serve warm with cream.

FISH STEAKS

2 pounds fish steaks
½ teaspoon salt
1 tablespoon lemon juice
4 tablespoons butter or margarine
paprika
3 tablespoons flour
1 teaspoon salt
⅛ teaspoon pepper
2 cups milk
½ cup drained cooked diced carrots
½ cup drained cooked green peas

Place fish in buttered baking dish. Sprinkle with ½ teaspoon salt and lemon juice; dot with 1 tablespoon of the butter; sprinkle with paprika. Make a white sauce of the remaining butter, flour, 1 teaspoon salt, pepper and milk; stir in carrots and peas. Pour sauce around fish and bake, uncovered, in moderate (350 F.) oven until fish flakes easily — about 30 minutes. Makes 6 servings.

Summer Barbecued Turkey

For a hungry crowd who like to eat outdoors, why not barbecue small turkeys. They are amazingly delicious and not at all difficult to do. Our Chicago friend, Kathryn B. Niles, showed us how she does it and she is a turkey cooking expert.

With a simple barbecue set up, or 4 bricks an oven rack and fuel for the fire, your picnic site can be wherever fancy finds you.

Slow cooking is necessary for good results, so keep the fire low You don't need fancy food accompaniments either, corn and potatoes roasted in the fire, slices of melon and a favorite beverage should please everyone.

Choose a turkey 4 to 5 pounds ready-to-cook weight. Have it split in halves or quarters. If your favorite barbecue sauce is thick, thin it with water to "daubing" consistency.

When the fire has burned down to glowing embers, the turkey well-brushed with the sauce, should be placed on the grill skin side up Cook without turning for 40 to 45 minutes. Baste several times with sauce.

Turn skin side down and continue cooking, turning and basting occasionally, until the gurkey halves are crusty brown and the drumstick when twisted separates readily from the thigh joint, about 45 minutes more.

It is well to plan additonal barbecue sauce to serve with the turkey.

To enhance the flavor of broiled turkey, done indoors, Miss Niles gives these suggestions.

1. Rub favorite herbs or spices, cinnamon, ginger, marjoram, nutmeg, poultry seasoning, thyme, etc. into the surface before brushing with the fat.

2. Marinate turkey in barbecue sauce or French dressing 1 to 3 hours. Drain. Proceed to broil. The drained marinade may be used for basting.

3. Add 1 teaspoon sugar with salt and pepper for seasoning each half Drizzle lemon juice over turkey during the broiling.

HAMBONE PEA SOUP

¾ cup quick-cooking green split peas
1 hambone
2 small carrots (sliced)
1 stalk celery, including leafy top (sliced)
1 medium size onion (cut in thin strips)
few sprigs parsley
5 cups water
salt and pepper

Put peas in strainer and wash in cold water; drain; turn into soup kettle. Place hambone on top. Add carrots (there should be about ½ cup), celery, onion (there should be ¾ to 1 cup), parsley and water.

Bring to a boil quickly; reduce heat and simmer, stirring occasionally, until peas are cooked — about 45 minutes. Remove hambone. Put soup and vegetables through strainer or food mill — if strainer is used, press through vegetables. Reheat adding salt and pepper to taste. Makes 5 cups for 4 servings.

CORN AND MUSHROOMS

2 tablespoons butter or margarine
2 tablespoons minced onion
one 4-ounce can sliced mushrooms (drained)
¼ teaspoon dry mustard
one No. 303 can (16 or 17 ounces) cream style corn
½ cup grated cheddar cheese
salt and pepper

Melt butter in saucepan or skillet over low heat; add onion and the mushrooms; cook until onion is yellowed but not brown. Stir in mustard, then corn.

Stir in cheese over low heat just until cheese is melted; add salt and pepper to taste. Serve at once. Makes 4 servings.

BUTTERSCOTCH RAISIN BARS

1 cup sifted flour
1 teaspoon baking powder
½ teaspoon salt
1 cup seedless raisins
½ cup butter or margarine
1 cup firmly packed dark brown sugar
2 eggs
2 teaspoons grated orange rind

Sift together flour, baking powder and salt. Rinse raisins in hot water, drain thoroughly and chop fine with a knife. Cream butter and sugar; beat in eggs thoroughly. Stir sifted dry ingredients and orange rind into creamed mixture until blended; stir in raisins.

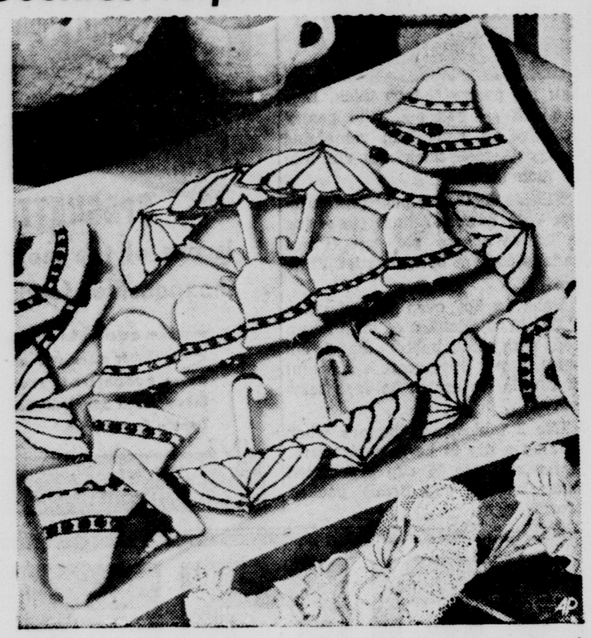
Spread in buttered shallow pan (about 7 by 10 by 1½ inches). Bake in moderate (350 F.) oven 30 to 35 minutes. Cool in pan. Cut into bars and remove from pan with small spatula. Store in tightly covered container. Makes about 36 bars (1 by 2 inches).

SURPRISE HAMBURGERS

1 pound ground chuck beef
½ teaspoon salt
dash of pepper
¼ cup chopped walnuts (fairly fine)
2 tablespoons finely chopped pimento

Mix beef with salt, pepper, walnuts and pimento. Shape into 4 oval patties. Cook in small amount of fat in skillet until desired doneness is reached. Makes 4 servings.

Cookies Help In Shower



All those brides-to-be, planning weddings, deserve showers!

Don't let the idea that you have to serve elaborate food at a bridal shower keep you from honoring a soon-to-be-married friend.

Give the shower on a wek-end afternoon, or in the evening, and serve pretty cookies with a wonderful ice-cream punch. Cut the cookies into weddng bell and umbrella shapes to add to the festivity. Bell-shaped cutters are readily available; make your own umbrella pattern out of a piece of cardboard. The cookie dough can be made from a prepared mix to save time and trouble.

After the cookies are baked, decorate them with our special semi-swet chocolate frosting. It's so easy to prepare. Just melt the chocolate and shortening, then add the other ingredients specified in the recipe, and beat until smooth. By the way, when we call for shortening in this recipe we mean homogenized vegetable shortening. Don't add butter or margarine instead because they have too much moisture and will make the frosting too stiff.

With the cookies, serve this delectable ice-cream punch with its delicate blend of chocolate and coffee flavor. It's rich and satisfying.

Shower Cookies

Prepare rolled cookes from 1 package cookie mix according to package directions. Roll out ⅛-inch thick on lightly floured board or pastry cloth. Cut out bells with bell-shaped cookie cutter and umbrellas with cardboard pattern; it is not necessary to flour cardboard shape. Bake on ungreased cookie sheets 6 to 8 minutes in moderate (375 F.) oven. Cool.

Force semi - sweet chocolate Frosting through narrow opening of cake decorator to make detail of umbrellas and bells. Makes 4 dozen medium size cookies.

Sem-Sweet Chocolate Frosting

½ of a 6-ounce package ½ cup) semi-swet chocolate morsels
1½ teaspoons shortening (not butter or margarine)
2½ tablespoons evaporated milk
½ cup confectioners' sugar (undiluted)
½ teaspoon vanilla

Melt semi-sweet chocolate and shortening over hot (not boiling water. Remove from heat; mix in evaporated milk and confectioners' sugar; beat until smooth. Mix in vanilla.

Mocha Punch

One 6-ounce package (1 cup) sem-sweet chocolate morsels
4 tablespoons instant coffee
1 cup sugar
1 cup water
2 pints pre-packaged vanilla ice cream
1 quart carbonated water (chilled)
1 cup cream (whipped)

Mix together semi-sweet chocolate, instant coffee, sugar, and water in top of double boiler; place over hot (not boiling) water and cook, stirring constantly, until blended.

Remove from heat; stir in milk; chill. Just before servng, pour into punch bowl. Spoon in ice cream; stir until partially melted. Pour in carbonated water. Spoon whipped cream over top. Makes 36 one-half cup servings.

Ruritan Clubs Will Hold Benefit Action At Fairgrounds

A benefit auction sponsored by the Ruritan Clubs of Columbiana County will be held at the new judging pavilion and exhibit hall at the Columbiana County Fairgrounds at Lisbon on Friday, Aug. 20, beginning at 6 p.m. All kinds of articles donated for this purpose will be auctioned with the receipts going toward payment of the cost of the building.

Farm implements, machinery, equipment and hand tools, farm produce such as fruit, vegetables, grain, etc., furniture, household appliances and livestock are among the kinds of items to be auctioned. Cash donations will also be received. Articles to be auctioned are to be brought to the fairgrounds after 2 p.m. on the 20th.

A committee headed by Roy Kridler, Leetonia, and consisting of a representative from each of the eight Ruritan Clubs in the county will be in charge of the auction. Articles to be auctioned will be accepted from any persons who will bring them to the fairgrounds. No advance registration will be necessary although where convenient the committee will be glad to have persons anticipating contributions so advise their local Ruritan Club officers.

Ruritan Clubs in Columbiana County are located at Damascus, Hanover Twp., Fairfield Twp., Lisbon, Rogers, Salineville, West Twp., and Glenmoor. The Western Reserve Club in Mahoning County has also been organized.

The new building at the fairgrounds is of pole type construction and is 64 by 120 feet. It is so designed that additions can easily be made. A 12-ft. exhibit space is provided on each side of the building for various kinds of livestock and the center 40 ft. area will be used for a judging ring. Bleechers will be erected later.

The movement for the building was started several weeks ago when several local organizations offered to contribute toward erection of such a building. The Fair Board having made considerable improvements on the grounds did not have sufficient funds to pay for the entire cost of the building this year. More than $600 has been contributed by various organizations and individuals.

Harold Winram, FFA instructor at Lisbon High School, has been in charge of the construction work.

An increased number of stock exhibits is expected at the Columbiana County Fair which opens Tuesday, Aug. 24.

Officials in charge of the auction advise that any items of a value of $1 or more will be received for the auction.

Pasture Meetings Set

A series of local twilight pasture meetings has been scheduled for Aug. 13 to Aug. 20 by the Agricultural Extension Service and the Soil Conservation Service for Columbiana County.

The meetings will be held on farms where considerable progress has been made in a pasture program adapted to the livestock on the farm. Floyd Lower, county agent, and H. L. Reuter and H. D. Mullins of the Soil Conservation Service will lead the discussion at two of the meetings.

Seeding mixtures, methods of seeding, management and utilization will be discussed.

Following is the schedule of dates and places for the meetings. All will begin at 8 p.m.

Friday, Aug. 13 — Glen Farrington's farm, one mile south of Leetonia and one-half mile north of Route 558 on the Grafton Road and the Wayne Holloway farm nearby on Route 558.

Monday, Aug. 16 — Conkle Dairy Farm, 1 mi. N.E. of N. Waterford and the Curtis Hively and Ray Monter farms nearby.

Tuesday, Aug. 17 — The Frank Crawford & Son Farm, 3 miles east of Gavers on Route 518.

Wednesday, Aug. 18 — Delmar Sanor's farm, one-half mile east of New Chambersburg on Route 172.

Thursday, Aug. 19 — The Mark Baker & Son Farm, one-half mile of Butler Grange which is two miles west of Winona.

Friday, Aug. 20 — Wade Clark's Farm, two miles southwest of Summitville.

The meetings will be of interest to dairy, beef and sheep men. They will be held as field meetings.

Beef Group to Meet

The Columbiana County Beef Committee will meet in the Extension Office in Lisbon on Thursday, Aug. 12 at 8:30 p.m. to plan for a feeder calf sale to be held this fall. Phillip Goehring, Columbiana, is chairman of the committee.

The Columbiana County Junior Fair Board will meet at the fairgrounds on Monday for a work day in preparation for the fair. Members of the Junior Leadership 4-H Club will assist.

Orchard Day Set

A number of orchardmen of Columbiana County will attend the Orchard Day at the Ohio Experiment Station on Thursday, Aug. 19. The program will begin at 10 a.m. Tours of the orchard to observe various phases of research work and discussion of various phases of research work and discussion of various orchard problems will take place during the day.

Vegetable growers of Columbiana and Mahoning Counties will meet at the vegetable test plots at Firestone Farms near Columbiana Thursday, Aug. 19 at 7 p.m.

Special emphasis will be given to the tomato plot work where 58 different varieties may be seen. The program to follow the field inspection will include short talks by Dr. E. K. Alban and Dr. Walter Brown of Ohio State University and by J. D. Wilson and J. P. Sleesman of the Ohio Experiment Station.

The test plots at Firestone Farms are conducted by the Agricultural Extension Service in cooperation with the Firestone Farms and the vegetable and potato growers associations. 66 different varieties of sweet corn, 22 varieties of snap beans, 23 varieties of strawberries and 60 sources of seed potatoes are also being grown.

INJURED IN FIRE.—Edward Klokkenga, of Pekin, Ill., near Peoria, lies in Pekin hospital with burns received when a fire broke out in a distillery, exploding a rackhouse. His wife visits him. Whisky stored in barrels for aging exploded as firemen fought recurring fires, which started Aug. 3 and lasted into Aug. 5.

Tractor Roadeo For 4-H Boys Is Saturday

Twenty-eight boys who are members of the 4-H Tractor Club in Columbiana County will compete in a Tractor Rodeo at the Lisbon Fairgrounds on Saturday at 1 p.m.

This is preliminary to the County Fair. The six scoring the highest will be selected to compete at the Tractor Rodeo at the Fair on Friday, Aug. 27 at 11 a.m.

Wayne Township Farm Proves Value Of Conservation Plans

Mechanical practices are necessary on the 480-acre farm of James Thompson and Sons in Wayne Township, Soil Conservationist Herman L. Reuter pointer out today in showing the farm has 7,235 lineal feet of diversion.

The diversions are used to break long slopes and protect land with small grade from overflow of the upland. Associated with the diversions on the upland is 65 acres of contour slopes with roughly 25 acres to be completed in the near future.

This land is operated with a rotation of corn, small grain and two years of meadow The hay produced there is consumed by a beef herd, and part of the straw is necessary for livestock but much of it is used as a mulch on the 15 acres of strawberries produced on the farm.

Sod waterways are necessary to carry the water from each diversion safely to the main stream, and roughly 3,795 linel feet have been shaped for this work, and another 2,000 feet will be constructed soon.

Wet spots scattered throughout the cropland need to be cared for by drain tile, which will extend some 1200 feet, Reuter stated.

Red clover is grown as a plowdown crop for next year's potato crop, and where slopes are up to five per cent grade 75 to 100 acres of potatoes are now being grown.

More acres of pasture will be treated in the near future, Mr Thompson stated, as the beef herd spends more time on the treated than on the untreated pasture, so it is pointed out a well managed pasture with a good seeding means more beef on less acres.

Model To Actress

By HAL BOYLE

NEW YORK (AP)—Many stage-struck girls dream of becoming a fashion model—and going on from there to fame and fortune in Hollywood.

If you have that dream, girly, you might as well ditch it now, unless you like to play the long odds.

This is on the advice of Mona Freeman, the exception who proves the rule. She won attention as a child model, and her pretty face adorned many a magazine cover before she made the grade in the movies.

"But modeling isn't generally a big stepping stone to a film career," she remarked, "although many people seem to think it is.

"Offhand, the only former models I can recall who went into the films are Lauren Bacall, Gene Tierney, Jinx Falkenberg, Phyllis Kirk and—uh...Marilyn Monroe. There are probably a number of others but, comparatively speaking, they are few."

Mona, who at 28 still looks like a blonde college freshman, quit modeling at 17 to try her luck in the movies. She has made between 25 and 30 films, the latest being "Battle Cry," based on a best-selling novel about the Marines by Leon Uris.

After working her way into that $1,500 a week and up bracket, Mona is in a good position to compare her careers as model and actress.

"Modeling is an art, but it is comparatively simple to learn," she said. "A girl who can learn to model at all can do so in a year.

"Anl if she hits the top, she can make $60 a week or more. A girl doing that well at modeling quite often doesn't see why she should throw away that kind of money to take a chance on flopping in Hollywood.

"It is a big chance to take, too. A model merely has to photograph well. All she needs is looks and poise. But an actress has to develop a personality that appeals to the public."

Mona also believes (her old modeling friends may stick out their claws at this) that an actress has to do something every moment at her work that few models are required to do. She has to T-H-I-N-K!

"Acting is a job, a really tough job. But I like it. It is never a grind—never a dull existence. But even after you learn your craft and practice it well, that doesn't mean success necessarily. You still have to put yourself over with the public."

The public is a strange and capricious god to all entertainers. Mona, still as stage-struck as the day she played Little Eva in "Uncle Tom's Cabin" during her high school days, retains a wondering awe over the mysterious factors that influence the public.

"The thing that gains you the most attention may be something that as an actress you regard as the least of your efforts," she said.

"For example, when they were filming, 'Dear Ruth,' I was told to make a noise to annoy my father. He had grounded me and was trying to read the paper.

"Without even thinking, I let out something between a long sigh and a groan of exasperation. It wasn't even rehearsed. But that ridiculous sound caught on. Teen-age kids all over the country picked it up and made it popular.

"Isn't it funny You can work over a scene for weeks, and nobody pays any attention to it. Then one day's work, something you thought nothing of at the time, may put you over in a big way.

"You never know in this business what will be the thing that attracts attention. I suppose it is his doubt and gamble that makes acting interesting."

Car Hood Accident Brings Suit For $191

LISBON — An action to collect $191.68 in damages as a result of the alleged negligence of a service station attendant, was filed in common pleas court here Tuesday.

The action was brought by Anna Nelson of Rogers against Richard Gaughn, doing business as Gaughn's Service Station, Routes 7 and 14 east of Columbiana, stating that on June 20, 1954, she stopped at the service station to purchase gasoline and oil. She said she proceeded several miles when the car hood flew up and caused a rod to go through the radiator. The radiator was damaged to the extent of $65.68, and the plainfitf lost the sale of 12 crates of berries valued at $120, the petition alleges.

EX-MAYOR DIES

CLEVELAND (AP)—Oliver Whigham, former mayor of suburban South Euclid, died yesterday at 71.

Rogers Minister Accident Victim

ROGERS — Rev. William Savers, pastor of Rogers Christian Church, is in a Medina hospital with possible concussion and internal injuries following an automobile accident Saturday near Medina.

Mr. and Mrs. Herschel Bell, also in the car at the time were released from the hospital following examination.

The group had attended a wedding and were enroute home when their car was sideswiped by another automobile.

TO ANNEX TOWNSHIP

FREMONT, Ohio (AP)—The City of Bellevue received a go-ahead from county commissioners yesterday to annex 40 acres of York Twp. where a 2½ million dollar housing development is planned. Homes valued at $175,000 are under construction in the township. The property owners who want their land annexed said it was the only way in which they could get water from the Bellevue city supply.

Driver Works Out Police, Is Held On 24 Charges

CHARLESTON, W. Va. (AP) — A motorist gave the Charleston police force a workout last night and was booked on 24 separate traffic charges.

Lt. L. M. Morris said Dan Martin, 48, played a game of automobile hide-and-seek with police after patrolman tried to arrest him for running a stop sign.

Martin was booked on 14 charges of running stop signs, 8 of running red lights and 2 of reckless driving. He was released on $1,000 bond.

Woman Driver Crashes Into Police Station

CHARLOTTE, N.C. (AP)—A woman driver was charged with reckless driving here after her car crashed into the police headquarters building.

Police said Mrs. Ruth B. Smith of Hickory told them her foot slipped from the brake to the accelerator as she turned a corner.

Mrs. Smith was not hurt.

Millions Of Workers Get Tax Cut On Accident, Illness Pay

(NINTH OF A SERIES)

By CHARLES F. BARRETT

WASHINGTON (AP)—Many millions of additional workers are now eligible for tax-examption on wages received while they are sick

And more liberal rules have been adopted for taxing other employe sickness of accident benefits, death benefits, and lump-sum payments under pension, profit or stock-sharing plans.

All these rules are spelled out in the huge tax revision act recently passed by Congress. They apply to such employe benefits received after last Dec. 31, if they are financed by employers under any systematic plan.

If you are covered by such a plan, perhaps the most important thing to remember is this:

If your pay is continued while you are off work because of sickness or injury, you pay no tax on wages of up to $100 a week after the first seven days of the sickness or injury.

Further, you pay no tax on wages up to $100 during the first seven days if your absence is due to accidental injury, or if you are hospitalized at any time during an illness.

Thus, for example, if you make $100 a week or more and you are out three weeks with an injury or hospital illness, you can deluct $300 from your taxable income. Even at the minimum 20 per cent tax rate, that would be a tax saving of $60 for you. If you are sick bu don't go to a hospital, your wages for two of the three weeks still would be tax-free for a tax cut of at least $40.

Here are other important benefits:

You pay no tax on payments which reimburse you for actual medical expenses paid by you or your dependents. Like sick leave wages, these payments simply are not counted as income.

Similarly ou pay no tax on payments to you for the loss of limb or other part of the body, or for permanent disfigurement.

Under the old tax law, some employes got these tax-free benefits and some didn't. Generally, if your employer had a commercial insurance contract to cover his sick and accident benefits, they were tax-exempt. But if the employer financed them himself—as many do, especially for sick leave pay—the benefits were fully taxable.

The new law wipes out what its sponsors called an unjust discrimination.

There is no limit on the sick-pay exemption. If you are cut for six months, for example, you could get up to $2,600 in tax-free wages and save at least $520 in taxes.

If an employe pays part of the cost of a sick or accident benefit plan, he pays no tax on the benefits for which he pays. The rules above would apply to that part of benefits financed by his employer.

The new act takes a similar step toward death benefits. Payments of up to $5,000 to beneficiaries could be tax exempt under the old law—but only if the employer was bound by contract to pay the benefit. The new act grants the exemption whether 5he benefit is paid under conract or not.

The new act also extends the $5,000 exemption to lump-sum death payments under qualified pension, profit-sharing or stock-bonus plans. Under the old law, such payments were not exempt if the employe while living had a benefit right which could not be forfeited to anyone else.

One old provision is tightened, however. Any one employe is entitled to only one $5,000 death benefit exemption. In the post, a man working for several firms could get a $5,000 tax-free benefit from each firm.

There is one more change affecting benefits paid because of separation from service under pension, profit-sharing or stock bonus plans. Under the old law, lump-sum payments under these plans were taxed as ordinary income if the employer bought a commercial insurance contract to cover them. If the employer financed the plan through a trust fund, the benefits were taxed at the capital gain rate, which usually was lower than the regular income tax. The new law extends the capital gain rate even to insured plans.

Moreover, under the old law, if you died after retirement, the lump-sum payoff to your beneficiaries was always taxed as ordinary income. Now this lump-sum payment can be taxed as a capital gain.

REPUTATION

E. PERSHING ST.—Real solid 6 rooms and bath, 3-year-old furnace. Nothing here that a little paint wouldn't cure. A good house for
$5,900.

W. PERSHING ST. — Duplex. Large lot. Let me show you how you can live here for $6 per month. Full price is
$7,600.

FRANKLIN Ave.—Here is the finest home I've had in this price bracket. Owner leaving town. I ran this ad last week. Where, for $6,900, are you going to find a home with a brand new Chrysler Air Temp oil furnace, a two-car garage, a brand new kitchen, new hot water tank? A-1 condition everywhere. A good "first house" for renters.

AETNA STREET—5 rooms and bath, garage, tool shed, and new kitchen. Large lot. An exceptionally nice house for
$3,900.

S. BROADWAY—Newly papered 5 rooms and bath. Deep lot. Needs some paint, but for $3,800 it's another good "first house."

S. UNION AVE.—A lot of work and remodeling has been done on this nice little Bungalow. I know you'll be surprised at the inside appearance of this one. It's too small for present owner. He's painting the outside now.
$7,500.

BUY A HOUSE NOW THAT YOU CAN AFFORD, PAY FOR IT, THEN YOU CAN BUY THAT "CERTAIN HOUSE" YOU'VE ALWAYS HAD YOUR EYE ON.

DO YOU FEEL SAFE AT HIGH SPEED?
Sure your old car will purr along over the highway at what you may call cruising 50-60-70 miles per hour. But what happens if you hit a rut and a shimmy sets in . . . or your brakes don't apply evenly? It can be the ditch for you or head on into an oncoming car. Come down and have one of our brake and front end inspections to determine just how good your brakes are . . . how perfect the front end is.
